Early Education and Care

# Massachusetts Child Care Reopen Approach Interim Regulations

---

UPDATED DECEMBER 14, 2020

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

EEC believes that all child care providers seek to offer high quality services for the children and families they serve. We also recognize that there may be challenges to consistent implementation of all regulations and requirements. Now more than ever, EEC is committed to partnering with the early education and care field towards the shared goal of safe, health, high quality child care options for all children across the Commonwealth. That is why programs that are unable to meet the intention of a licensing regulation or those who may need modifications in order to support program operations, staff coverage, and/or implementation of the Minimum Requirements for Health and Safety, are encouraged to contact their EEC licensor for consultation and support. Licensors are available to help providers to identify and address any barriers and to offer technical assistance and resources for educator training and connect programs to the appropriate program supports. Some of the EEC program supports available include:

The **StrongStart Online Professional Development System** is EEC's online Learning Management System (LMS). Through StrongStart, EEC provides resources for educators and administrators to enhance quality in their programs and support individual educator success, such as training and technical assistance. For more information and to get started with your online professional development, please visit <https://www.mass.gov/guides/eecs-strongstart-online-professional-development-system>

The StrongStart **Professional Development Centers (PDC's)** are available to provide direct, virtual support to programs to support planning and implementation activities, in addition to one-on-one consultations and Professional Learning Communities (PLC). Support is available around planning for re-opening and implementation of the Guidelines, including program activities, schedules, room arrangement and structure for the day. To learn more or to find your regionally based PDC, please visit <https://www.mass.gov/guides/strongstart-professional-development-centers>

The **Early Childhood Mental Health Consultation (ECMH)** grant is available to provide critical intervention support through telehealth and video based support for children, staff and families who are in crisis due to the new context and challenges we are facing. Additionally, early childhood mental health consultants are available to provide ongoing consultation for children experiencing social and emotional difficulties. To learn more or to find your program's ECMH Consultation Program, please visit <https://www.mass.gov/early-childhood-mental-health>

Exclusively for family child care educators, EEC funds the **Family Child Care Systems (Systems)** to work with family child care educators who wish to take advantage of resources and supports such as training, technical assistance and consultation, monitoring, and referrals to health and social services for children in their care. For additional information on where to access your nearest Family Child Care System, please visit: <https://eecweb.eec.state.ma.us/ChildCareSearch/ChildCareSystem.aspx>

**Coordinated Family and Community Engagement (CFCE)** Programs are locally based programs that work to facilitate collaboration and community planning between local early education and care partners and other community stakeholders, including parents. In addition to the extensive work to support families in increasing their knowledge of and access to quality early education and care services, CFCEs support programs in identifying opportunities to share best practices and coordinate resources and connections to technical assistance and local resources to assist them in meeting quality standards. For additional information or to find your local CFCE coordinator, please visit <https://www.mass.gov/service-details/child-care-resource-and-referral-agencies-crrs>

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

### 7.01 : Introduction

In 2005 the Massachusetts General Court created the Department of Early Education and Care (EEC), which became operational July 1, 2005. Responsible to an independent Board of Early Education and Care, EEC combines the functions of the former Office of Child Care Services (OCCS) and the former Early Learning Services Unit at the Department of Education. EEC is responsible for the licensing of early education and care programs and for providing financial assistance for child care services to low-income families, information and referral services, parenting support for all families, and professional development opportunities for staff in the early education and care field. The mission of the Massachusetts Department of Early Education and Care is to provide the foundation that supports all children in their development as lifelong learners and contributing members of the community, and to support families in their essential work as parents and caregivers. In fulfilling this mission, EEC has developed specific regulations to be met by all providers of early care and education services in the Commonwealth, whether home, school or center-based.

In developing these standards EEC has sought to build on the strengths of the existing systems of licensing and program quality, put children and families first, and be flexible and accountable. Further, EEC has sought to establish standards that support high quality early education and care programs that reflect the diversity of the Commonwealth; strengthen families; and help children learn and grow physically, socially, emotionally, and educationally.

Unless specifically noted in 606 CMR 7.00, all requirements in 606 CMR 7.00 apply to all programs providing non-residential services to children younger than 14 years old outside their own homes, regardless of the care setting or the age of the children served.

### 7.02 : Definitions

As used in 606 CMR 7.00, the following words shall have the following meaning unless the context otherwise requires:

Applicant - The individual who has been designated as the person responsible for the administration of the program or facility and is the duly authorized agent of the person applying for licensure or approval.

Approved Activity Space - The indoor and outdoor areas determined by the Department to be safe and appropriate for children in an early education and care program. This space shall include only usable floor space exclusive of hallways, bathrooms, and portions of rooms or areas that contain furniture or equipment suitable only for adult use.

Approved Private Elementary School - A program that has documentation of approval by the local education authority pursuant to M.G.L. c. 76, § 1.

Certified Assistant - A person who holds a certified assistant certificate issued by the Department; who, at minimum, meets the qualifications of a provider licensed to care for six children; and who works with or substitutes for the licensee in a family child care home, depending on his/her level of qualification.

Child - Any person younger than 14 years old, or 16 years old with special needs.

Child Care Center - Any facility operated on a regular basis whether known as a day nursery, nursery school, kindergarten, child play school, progressive school, child development center, day care center, pre-school, or known under any other name which receives children, not of common parentage, younger than seven years old, or younger than 16 years old if such children have special needs, for non-residential custody and care during part or all of the day separate from their parent(s). Child Care center shall not include: any part of a public school system; any part of a private organized educational system, unless the services of such a system are primarily limited to kindergarten, nursery or related pre-school services; a Sunday school conducted by a religious institution; a facility operated by a religious organization where

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

children are cared for during short periods of time while persons responsible for such children are attending religious services; a family child care home; an informal cooperative arrangement among neighbors or relatives; or the occasional care of children with or without compensation therefore.

Children with Special Needs - Children younger than 16 years old, who, because of temporary or permanent disabilities arising from intellectual, sensory, emotional, physical or environmental factors, or other specific learning disabilities, are or would be unable to progress effectively in a regular school program. This may include, but not be limited to, a school age child with disabilities as determined by an evaluation conducted pursuant to M.G.L. c. 71B, § 3, and as defined by the Department of Education in 603 CMR 28.00, or an infant or toddler with an individual family service plan (IFSP) receiving early intervention services.

Continuing Education Unit (CEU) - A nationally recognized method for recognizing participation in professional development and training activities. One CEU is granted for each ten hours of instruction. CEUs must be approved by organizations designated by the Department.

**COVID-19 - a respiratory disease, caused by a new coronavirus that has not previously been seen in humans. Coronaviruses are respiratory viruses and are generally spread through respiratory secretions (droplets from coughing, sneezing, talking, laughing, etc.) of an infected person to another person.**

Curriculum - The topics within the areas of English language arts, mathematics, science and technology/engineering, history and social science, comprehensive health, and the arts that will be addressed through planned and unplanned program activities.

Day - Shall mean calendar days unless otherwise specified in 606 CMR 7.00. DEP -

Department of Environmental Protection.

Department - When used alone shall mean the Department of Early Education and Care.

**DESE – The Massachusetts Department of Elementary and Secondary Education.**

Diverse Learners - Children who have special physical, emotional, behavioral, cognitive or linguistic needs or whose primary learning modality is visual, auditory, tactile or kinesthetic, who may require an adaptation in the environment, interaction or curriculum in order to succeed in their program.

DPH - Department of Public Health.

Educator - Any person approved by the Department for the regular care and education of children unrelated to the educator in a location outside the children's own home for all or part of the day, regardless of his/her level of certification.

EEC - The Department of Early Education and Care.

Evening Care - Child care provided between the hours of 8:00 P.M. and 11:30 P.M.

**Exposed – Having had close contact with someone symptomatic of COVID-19 from the period of 48 hours before symptom onset until 10 days from when they first had symptoms.**

Family Child Care - Temporary custody and care provided in a private residence during part or all of the day for no more than ten children younger than 14 years old or children younger than 16 years old if such children have special needs. Family child care shall not mean an informal cooperative arrangement among neighbors or relatives, or the occasional care of children with or without compensation therefore.

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

Family Child Care System - Any entity or person who, through contractual arrangement, provides to family child care homes that it has approved as members of said system, central administrative functions including, but not limited to, training of operators of family child care homes; technical assistance and consultation to operators of family child care homes; inspection, supervision, monitoring, and evaluation of family child care homes; referral of children to available family child care homes; and referral of children to available health and social services, provided, however, that family child care system shall not mean a placement agency or a child care center.

Fixed Age Group - A group of children within the same age range, such as infants, toddlers, preschoolers, kindergarten, and school age.

Group - Two or more children who participate in the same activities at the same time and are assigned to the same educator for supervision, at the same time.

Half Day Program - A program that operates four or fewer hours per day, or a program in which no child attends more than four hours per day.

Health Care Consultant - A Massachusetts licensed physician, registered nurse, nurse practitioner or physician's assistant with pediatric or family health training and/or experience.

Health Care Practitioner - A physician, physician's assistant or nurse practitioner.

Household Member - Any person other than the educator who resides in the family child care home for 30 consecutive days or more.

Infant - A child who is younger than 15 months old.

Kindergarten Child - A child who is five years old or who will attend first grade the following year in a public or private school.

Large Group and School Age Child Care - Any program that receives on a regular basis more than ten children who are unrelated to their caregivers and are younger than 14 years old, or 16 years, if such children have special needs, during all or part of the day for non-residential care and education outside their own homes. Such programs shall include, but not be limited to, those commonly known as child care centers, day care centers, preschools, nursery schools, child development programs, school age child care programs and before and after school programs, regardless of their location. Such programs shall not include any part of a public school system; any part of a private organized educational system, unless the services of such a system are primarily limited to kindergarten, nursery or related pre-school services; any part of a program operated by an organized educational system for the children enrolled in that particular system, unless the services of such system are primarily limited to a school age child care program; Sunday schools or classes for religious instruction conducted by a religious institution; a facility operated by a religious organization where children are cared for during short periods of time while persons responsible for such children are attending religious services; an informal cooperative arrangement among neighbors or relatives; or the occasional care of children with or without compensation therefore.

Licensed Capacity - Determination by the Department of the number of children that a program can care for at any one time under 606 CMR 7.00.

Licensee - Any person holding a license or approval issued by the Department.

Medical Emergency - An unforeseen event that results in the family child care educator, a child in care,

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

spouse, parent, or household member of the family child care educator needing immediate medical or mental health treatment.

**Minimum Requirements for Health and Safety - The Massachusetts Child and Youth Serving Programs Reopen Approach - Minimum Requirements for Health and Safety are a set of health and safety requirements that apply to all child and youth serving programs, including all licensed Family Child Care and Group & School Age Child Care Programs. EEC anticipates that the Minimum Requirements for Health and Safety will be in effect until the expiration of the COVID-19 Health Emergency.**

Mixed Age Group - A group of children within two consecutive age groups, such as Infant/ Toddler, Toddler/Preschool, Preschool/School Age or Kindergarten/School Age.

Multi-age Grouping - Ten or fewer children from birth through 13 years (or 16 years, if such children have special needs) assigned to a single group.

Occasional Overnight Care - Child care provided between the hours of 11:30 P.M. and 6:00 A.M. that is not provided on a regular basis.

Older School Age Child - A child at least nine years old.

Parent - Father or mother, guardian, or person or agency legally authorized to act on behalf of the child in place of, or in conjunction with, the father, mother, or guardian.

**Personal Protective Equipment (PPE) – PPE is used to minimize exposure to hazards that cause serious illness or injury. Gloves, masks, and gowns are all examples of PPE.**

**Phased Reopening – The comprehensive plan to reopen the Massachusetts economy in phases based on health and safety metrics and designed to minimize the impacts of COVID-19.**

Premises - The private residence or the facility that is licensed for the early care and education of children, and the approved outdoor space on which the residence or facility is located.

Preschooler/Preschool Child - Any child at least two years and nine months old but not yet attending first grade.

Private Residence - A dwelling that is occupied for living purposes so long as the dwelling is the occupant's full-time legal residence, and contains the facilities necessary for sleeping, eating, cooking, and family living.

Professional Development - Ongoing education or training designed to increase an educator's skills or knowledge or assist the educator in gaining new competencies in his or her profession or in a field closely related to his or her profession. Professional development may fulfill the annual number of hours required by regulation to maintain a license, registration or credential, and/or may result in college credit or CEUs that lead to career advancement.

Program - Any family child care home, small group and school age or large group and school age child care program.

Program Staff - Anyone employed by or working with the child care program who may have contact with children.

Regular Assistant - A person who holds a regular assistant certificate issued by the Department; does not

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

meet the qualifications of the licensee for whom they are working; and who may replace a licensee or certified assistant on a limited basis in a family child care home as allowed under 606 CMR 7.09(15)(c)2.a.

Regular Overnight Care - Care provided to any child care child between the hours of 11:30 P.M. and 6:00 A.M. more than one day per week for more than eight weeks in a 12-month period.

Relative - A person who is a parent, grandparent, great grandparent, aunt, uncle, great aunt, great uncle or sibling by blood, marriage or adoption.

School Age Child - A kindergarten child, or a child who is attending a public or approved private elementary school.

Small Group and School Age Child Care - Any program that receives on a regular basis ten or fewer children who are unrelated to their caregivers and are younger than 14 years old, or 16 years, if such children have special needs, during all or part of the day for non-residential care and education outside their own homes, when such services are not provided in a private residence. Such programs shall include, but not be limited to, those commonly known as child care centers, preschools, nursery schools, child development programs, school age child care programs and before and after school programs. Such programs shall not include any part of a public school system; any part of a private organized educational system, unless the services of such a system are primarily limited to kindergarten, nursery or related pre-school services; a Sunday school conducted by a religious institution; a facility operated by a religious organization where children are cared for during short periods of time while persons responsible for such children are attending religious services; a family child care home; an informal cooperative arrangement among neighbors or relatives; or the occasional care of children with or without compensation therefore.

Standard Precautions - Infection control guidelines (per the Center for Disease Control) designed to protect individuals from exposure to diseases spread by blood and certain body fluids. Health precautions include, but are not limited to, the use of personal protective equipment, proper disposal containers for contaminated waste, hand washing and proper handling of bodily waste.

Toddler - A child who is at least 15 months of age, but younger than 33 months old.

Unsupervised Contact with Children - Any contact with children in an EEC licensed and/or funded program when no other Background Record Check cleared person is directly present.

Use Zone - The surface under and around a piece of equipment onto which a child falling from or exiting from the equipment would be expected to land.

Volunteer - Any person who assists in an unpaid capacity on a regular basis in an EEC licensed or funded program.

### 7.03 : Licensure and Approval

The following requirements apply to all programs, including family child care, small group and school age and large group and school age child care. Additional requirements specific to family child care are found at 606 CMR 7.03(5). Additional requirements specific to small group and school age child care are found at 606 CMR 7.03(6). Additional requirements specific to large group and school age child care are found at 606 CMR 7.03(6) and (7).

1. Application for Licensure. In order to provide all children “a fair and full opportunity to reach their full potential,” the Department has developed specific requirements for programs to be licensed.

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

The licensee bears ultimate responsibility for compliance with 606 CMR 7.00. The Department may issue a child care license provided that:

- (a) in the opinion of the Department, the services offered by the program are adequate to protect the health and safety of the children;
- (b) within one year prior to licensure the licensee (or his or her designee) has attended an orientation to early education and care approved by the Department; and
- (c) the applicant submits a completed application on a form provided by the Department, the required license application fee and the following documents:
  1. evidence of the applicant's compliance with the requirements of 102 CMR 1.05(1);
  2. upon request of the Department evidence that program activities support and engage children through specific learning experiences, as required by 606 CMR 7.06(1)(b);
  3. documentation of all inspections, as required by 606 CMR 7.07(2) through (5) and 7.12(15)(b) and (c), as applicable;
  4. a copy of the written information for parents, as required by 606 CMR 7.08(6);
  5. forms to record information required to be maintained in children's records, as required by 606 CMR 7.04(7);
  6. evidence of compliance with St. 1983, c. 233, Revenue Enforcement and Protection Program (REAP) on a tax certification form provided by the Department;
  7. if the program uses volunteers, a plan for their use that includes:
    - a. appropriate orientation, supervision and training
    - b. documentation of the dates, hours of service and responsibilities of each volunteer used by the program;
    - c. a provision that volunteers must be under the direct visual supervision of an EEC qualified educator at all times; and
    - d. provisions for compliance with EEC Background Record Check regulations regarding volunteers.

### 7.03(1) Application for Licensure is temporarily amended.

**2020 INTERIM RULES:** EEC is currently reviewing the process for licensure of new child care programs. In the interim, EEC has established a temporary process to allow prospective providers to meet the requirements and apply for a new child care license. Find more information on the interim licensing process on the EEC website.

2. Licensed Capacity. Programs will be licensed for the maximum number of children who may be in the care of educators at any one time, taking into consideration the size and layout of the physical facility, the number and qualifications of educators, the equipment and resources available to the children, the individual needs and characteristics of the children served, and the building certificate capacity, if applicable. At no time shall a program admit, supervise or provide care for more than the maximum number of children indicated on the license.

**2020 INTERIM RULES:** All EEC programs shall continue to be held to their currently licensed capacity with the option for reducing capacity during the COVID-19 Emergency. A temporary process for approving capacity increases has been established and will be available to programs while EEC reevaluates the licensure and approval processes.

3. Renewal. In preparing for renewal of a license, certificate or letter of approval the licensee or person holding the certificate or letter of approval must file a written application for renewal on forms provided by the Department and pay any required application fee not less than 30 days before the date of expiration of the current license, certificate, or letter of approval. Provided that the application for renewal is filed timely, the license, certificate or letter of approval will remain in effect until the Department makes a final determination on the application. In addition, the applicant must:

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- (a) participate in a license renewal meeting approved by the Department, and
- (b) review all of the written plans and documents required by 606 CMR 7.00 and submit copies of:
  - 1. any of the required written plans or documents that have been revised during the licensing period;
  - 2. current inspection certificates required by 606 CMR 7.00; and
  - 3. any document required by 606 CMR 7.00 if requested by the Department.

### 7.03(3) Renewal is temporarily amended.

**2020 INTERIM RULES:** An interim renewal process has been established to ensure that all licensed programs are able to continue providing child care. Programs currently in the renewal process should work with their licensor to expedite the renewal process.

#### 4. Pilot or Demonstration Projects and Variances.

(a) Proposals for pilot or demonstration projects for the innovative delivery of services related to a program will be considered by the Department upon written request. However, no project shall be implemented without prior written approval of the Department. The Department may require that specific proposals include an evaluation component to determine the effectiveness of the project and may also consider any other evidence relevant to the proposal prior to granting approval. Projects shall be implemented only on an experimental basis for a specified period not to exceed the term of the license. If the Department receives or finds evidence that the conditions of the approval have been violated, the project will be terminated.

(b) Standard Variances. The Department may, upon written request, grant a variance of any provision contained in 606 CMR 7.04 through 7.13 and allow an alternative method for compliance with such regulation if the applicant for the variance provides clear and convincing evidence, including, at the request of the Department, expert opinion which demonstrates to the satisfaction of the Department that the applicant's alternative method will comply with the intent of the regulation for which a variance is requested. The Department may consider any other evidence relevant to the request for a variance. Such variances may be granted, in writing, for a specified period of time not to exceed the term of the license. If the Department receives or finds evidence that the conditions of the variance have been violated, the variance will be rescinded.

(c) Variances During State of Emergency. Should the Department find that a State of Emergency affecting the provision of the essential functions of government has been declared by the state and/or Federal entity with the authority to do so, the Department, in its sole discretion, may, on its own initiative, issue a written, electronic or broadcast variance regarding expected compliance with any or all of the regulatory requirements set forth in 606 CMR 7.00 or any or all other regulations governing the Department of Early Education and Care. The Department, through policy and technical assistance, will offer guidance to the extent allowed by the nature of the emergency, regarding regulatory compliance during such emergencies and their aftermath.

#### 5. Additional Requirements for Family Child Care.

(a) Documents Required for Licensure. In addition to the documents required for licensure specified at 606 CMR 7.03(1)(c), the Licensee must submit:

- 1. copies of the lead paint disclosure statement required by 606 CMR 7.07(15)(a)2;
- 2. certification of current training in CPR and first aid, per 606 CMR 7.09(15)(e);
- 3. health records, as evidence of compliance with 606 CMR 7.09(11).

(b) Duration of a License. A regular license or approval is valid for three years from the date of issuance unless revoked, suspended, or made probationary.

(c) Determining Capacity. The following children will be considered to be in the care of educators:

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

1. every child who lives in the family child care home who is younger than a school age child;
2. every child who lives in the family child care home who is home schooled, regardless of age;
3. every child younger than ten years old who lives in the residence and is present for more than three consecutive hours on each of five consecutive days, excluding weekends and holidays;
4. every person younger than 14 years old who does not live in the residence and is present during the time that child care is being provided;
5. during overnight care, every person younger than 18 years old who is present in the home.

### 7.03(5)(c)(3) Determining Capacity is temporarily amended.

**2020 INTERIM RULES:** EEC is temporarily lowering the age of children living in the FCC home who count in an FCC's capacity. Only children up to the age of 8 who live in the FCC home and are present in the child care space will be considered to be 'in the care of educators' for the purposes of determining capacity. Children who are enrolled in school and older than 8 may be in the child care space without counting towards licensed capacity as long as 35 square feet for child can be maintained.

Please note that all other items in Section 7.03(5)(c) remain in effect.

(d) License Status. A Licensee who voluntarily ceases or suspends providing care while remaining licensed may elect inactive status. To become inactive, a licensee must notify the Department that care has ceased, and must return to the Department the license. Child care may resume after the licensee has requested that the Department return the license and has indicated to the satisfaction of the Department that the child care home is in compliance with all relevant EEC licensing regulations. While the license is inactive, the Department will not include the licensee on its roster of active educators. The acceptance by the Department of inactive status shall not limit the Department's authority to investigate compliance with EEC licensing regulations nor to take adverse action against the license as appropriate, pursuant to 102 CMR 1.00, 606 CMR 7.00, and 606 CMR 14.00.

(e) Location of Care. For the purposes of 606 CMR 7.00, family child care may only be provided in a dwelling that provides complete independent living facilities for one or more persons including permanent provisions for living, sleeping, eating, cooking, and sanitation. In addition, the dwelling must:

1. be occupied for living purposes on a full time basis by either the licensee, or an individual personally known to the licensee, as the occupant's legal residence; or
2. be unoccupied and be:
  - a. located physically on the same property as the licensee's permanent residence and such residence is a single family home; or
  - b. located in a duplex structure containing two independent side-by-side dwelling units and the licensee permanently resides in the other dwelling unit located in the duplex; or
  - c. located in a structure with a maximum of three stories, with no more than one dwelling unit located on each floor level, and the licensee permanently resides in one of the other dwelling units located in the three story structure.

(f) A family child care licensee may not hold more than one family child care license.

## 6. Additional Requirements for Small Group and School Age and Large Group and School Age Child Care Programs.

- (a) Application for Licensure. In addition to the provisions of 606 CMR 7.03(1)(c), the applicant must submit:
  1. evidence of authority to operate, including the names and addresses of all owners or, in corporations, the Officers, as required by 606 CMR 7.04(17)(b);
  2. evidence of the ability to provide appropriate supervision of children and staff/child ratios, as required by 606 CMR 7.10(1) and (2) and staff schedules, as required by 606 CMR

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- 7.10(8)(b);
  3. the written plan for staff orientation, as required by 606 CMR 7.09(17)(a)2.;
  4. the written plan for staff supervision, as required by 606 CMR 7.09(17)(b);
  5. evidence of a lead paint inspection as required by 606 CMR 7.07(16)(a);
  6. a plan for diapering and toileting, as required by 606 CMR 7.11(18)(c)1.;
  7. a copy of the program's enrollment procedures and non-discrimination statement, as required by 606 CMR 7.04(17)(g);
  8. evidence of the ability to provide an administrative designee, as required by 606 CMR 7.04(17)(m);
  9. a plan for the use of student interns, if applicable, as required by 606 CMR 7.04(17)(j);
  10. a written plan for staff meetings, if applicable, as required by 606 CMR 7.04(17)(k);
  11. personnel policies, if applicable, as required by 606 CMR 7.04(17)(l); and
  12. the written plan for referral services, as required by 606 CMR 7.04(17)(h);
  13. the written plan to avoid the suspension and termination of a child, as required by 606 CMR 7.04(17)(i).
- (b) Duration of the License.
1. **Provisional License.** The Department may issue a provisional license to a program that has not previously operated, or that has not complied with or is unable to comply with all applicable regulations provided that care given in the program is adequate to protect the health and safety of the children. A provisional license is valid for six months from the date of issuance unless revoked, suspended or made probationary. The provisional license may be renewed once for no more than six additional months
  2. **Regular License.** A regular license or approval is valid for two years from the date of issuance unless revoked, suspended, or made probationary.
  3. **Summer Camp Programs.**
    - a. A program that obtains a summer camp permit from the Department of Public Health for operation at its licensed facility may be issued a school-year-only license if it provides to the Department a copy of its summer camp permit.
    - b. A program that relocates to an off-site summer camp during part of the program day is subject to 606 CMR 7.00 during the hours that children are located at the licensed facility.

**2020 INTERIM RULES:** EEC is currently reviewing the process for licensure of new child care programs. In the interim, EEC has established a temporary process to allow prospective providers to meet the requirements and apply for a new child care license. Find more information on the interim licensing process on the EEC website.

Programs holding a provisional or regular license are subject to the license durations identified in 7.03(6)(b).

**7. Additional Requirements for Large Group and School Age Child Care Programs.** In addition to the written documents required for licensure specified by 606 CMR 7.03(1)(c) and 7.03(6), the applicant must submit:

- (a) Background Record Check policies;
- (b) financial documentation, as required by 606 CMR 7.04(18)(a);
- (c) a copy of the health care policy, as required by 606 CMR 7.11(19)(a);
- (d) procedures for transition of a child, as required by 606 CMR 7.04(18)(b);

**2020 INTERIM RULES:** EEC is currently reviewing the process for licensure of new child care programs. In the interim, EEC has established a temporary process to allow prospective providers to meet the requirements and apply for a new child care license. Find more information on the interim licensing process on the EEC website.

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

### 7.04 : Administration

The following requirements apply to all programs, including family child care, small group and school age and large group and school age child care. Additional requirements specific to family child care are found at 606 CMR 7.04(16). Additional requirements specific to small group and school age child care are found at 606 CMR 7.04(17). Additional requirements specific to large group and school age child care are found at 606 CMR 7.04(17) and (18).

(1) The licensee must ensure that the program is soundly administered by qualified persons designated with specific administrative and program responsibilities. The licensee may admit children only in accordance with the provisions of the license.

(2) Unauthorized Activities.

(a) The licensee must not allow children to participate in any activities unrelated to the direct care of children without the written, informed consent of the parent(s). "Activities" shall mean, but not be limited to:

1. fund raising;
2. publicity, including photographs and participation in the mass media, and
3. screening, research or unusual treatment.

(b) The licensee must not allow any person to produce or distribute a likeness of any child in the program for any purpose without the written informed consent of the child's parent.

(3) Transitions.

(a) Whenever children are preparing to transition to a new classroom or program, the educator must:

1. collaborate and share information between each classroom or program, with parental permission; and
2. assist the child with the transition in a manner consistent with the child's ability to understand.

(b) If a program chooses to suspend or terminate a child for any reason the program must provide written documentation to the parents of the specific reasons for the proposed suspension or termination of the child, and the circumstances under which the child may return, if any.

(4) Record Requirements.

(a) The licensee must maintain complete and accurate accounts, books and all records required by 606 CMR 7.00, including but not limited to:

1. daily attendance records indicating each child's attendance, including arrival and departure times;
2. a method of knowing exactly who is present on the premises at any given point in the day.
3. documentation of regular evacuation drills, as required by 606 CMR 7.11(7)(h).

(b) Except as specifically provided elsewhere in 606 CMR 7.00, all records required by 606 CMR 7.00 must be:

1. legible and dated and signed by the individual making the entry;
2. updated at least annually and whenever any material changes occur.

(c) Attendance records and educator records must be maintained for at least five years.

(d) Children's records must be maintained for at least five years after a child has left the program.

(e) When a child is no longer in care, upon written request of the parent(s), the licensee must provide a copy of the child's records to the parent(s) or any other person the parent(s) identifies.

(5) Staff Records. The licensee must maintain a personnel record for each staff member. The record must include:

(a) documentation that the employee has the qualifications required under 606 CMR 7.09 including, but not limited to, health records, as required by 606 CMR 7.09(11);

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- (b) copies of licenses, certifications and registrations held, including, but not limited to, motor vehicle operator's license (if the staff member transports children) and EEC educator qualification;
- (c) documentation of orientation, training and professional development, as required by 606 CMR 7.09(15)(d) through (f), 7.09(16)(c), 7.09(17)(a), 7.11(1), 7.09(18)(d), and 7.09(19)(b).

(6) Transportation Records. The licensee must maintain documentation that each program owned vehicle or educator's vehicle used for the transportation of children to or from program activities is registered and inspected in accordance with state law, and is insured as required by 606 CMR 7.00.

(7) Children's Records. The licensee must maintain an individual written record for each child that includes:

- (a) Information Required at admission, including:
  1. a face sheet or sheets, which identifies the child by the following information:
    - a. the name, date of admission, date of birth, age at admission, and primary language of the child and parent(s), if other than English;
    - b. the parent's (or parents') name(s), home address(es), and telephone number(s);
    - c. the parent's (or parents') business address(es) and telephone number(s);
    - d. the name, address and telephone number of the person to contact in case of emergency when the parent is unavailable;
    - e. a physical description or a current photograph of the child;
    - f. the name, address, and phone number of the child's physician or other source of health care,
    - g. information on allergies, special diets, chronic health conditions and/or any special limitations or concerns, including medications the child is taking at home or school and possible side effects of those medications;
    - h. the child's anticipated days and times of attendance; and
    - i. if applicable, the name of the school the child attends.
  2. copies of any custody agreements, court orders, and restraining orders pertaining to the child, when provided by the parent;
  3. consent for the child's transportation plan, as required by 606 CMR 7.13(2)(e);
  4. permission to transport a child to a medical facility and for the child to receive emergency medical treatment, including but not limited to an epinephrine auto-injection for suspected exposure to a life threatening allergen in the event that the parent cannot be reached and when delay would be dangerous to the health of the child;
  5. permission to administer basic first aid and/or CPR;
  6. a list of any person(s) authorized in writing by the parent to take the child from the program or receive the child at the end of the day;
  7. written parental consent for a child to participate in off-site activities.
  8. written parental consent for older school age children to leave the program for any reason, including consent for the specific activity, time, and method of transportation, and acknowledgment of parental responsibility for the child once s/he leaves the program;
  9. written informed consent for observation of children by anyone other than program staff or the parents of children in the program, if applicable. For observations in which there is no interaction between the child and the observer and no identification of individual children, a general permission may be obtained. When there is interaction between the child and the observer or when individual children are identified to an observer other than parents of children in the program, a specific individual informed consent must be obtained;
  10. written consent for children to use an on-site swimming pool;
  11. written consent for the use of unanticipated, non-prescription and topical, non-prescription medications, if applicable, **including the use of hand sanitizer as appropriate to the age and developmental level of the child**;
  12. written consent for children to sleep in the same room with children of the opposite sex

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

during regular overnight care, if applicable;

13. medical records, including:

- a. a physician's, nurse practitioner's, or physician's assistant's certification that the child has been successfully immunized in accordance with the current Department of Public Health's recommended schedules;
- b. a written statement from a licensed health care practitioner within one month of admission that indicates that the child has had a complete physical examination within one year prior to admission;
- c. a statement signed by a physician or an employee of a health care agency obtained within one month of admission stating that the child has been screened for lead poisoning. Pursuant to Department of Public Health requirements, all children, regardless of risk, must be screened for lead poisoning at least once between the ages of nine and 12 months and annually thereafter at ages two and three. Children must also be screened at age four if they live in a community deemed at high risk for lead poisoning by the Department of Public Health. All providers must comply with the criteria for lead poisoning screening as set forth in 105 CMR 460.050.

14. as appropriate to the child's age and abilities:

- a. information about the child's daily schedule, developmental history, sleeping and play habits, favorite toys, accustomed mode of reassurance and comfort;
- b. procedures for toilet training of the child, if appropriate;
- c. the child's eating schedule and eating preferences, including for infants, a description of formula preparation;

15. documentation that the parent has been notified regarding his/her right to visit the program unannounced at any time while his/her child is in care, and has received the written information for parents required by 606 CMR 7.08(6); and

**2020 INTERIM RULES:** 7.04(7)(a)(11) Children's records must include written parental consent for the child to use hand sanitizer, as appropriate to the child's age and developmental level.

7.04(7)(a)(15) Children's Records is temporarily amended.

**2020 INTERIM RULES:** Non-Essential Visitors are not allowed in the child care space due to the COVID-19 Emergency. Therefore, the requirements for documentation of notification regarding parental right to visit the program is temporarily suspended.

(b) Ongoing records, including:

1. documentation of annual physical examinations, updated immunizations and lead screening;
2. documentation of the results of vision, hearing and dental screenings, when provided to the program, **and documentation of daily health attestations completed by parents or guardians.** If any screenings are conducted by the program, the program must:
  - a. obtain prior parental permission;
  - b. insure that the screenings are conducted by qualified personnel; and
  - c. communicate the results to the parents in writing;
3. a record of any medications administered to the child, as required by 606 CMR 7.11(2)(j), as required by 606 CMR 7.08(8)(e);
4. documentation of parent notification of emergency treatment as required by 606 CMR 7.08(8)(e);
5. a copy of the child's individual health care plan, if applicable;
6. a record of any referrals made, as required by 606 CMR 7.06(5)(b);
7. documentation of parental authorizations, as required by 606 CMR 7.04(7)(a)3. through 12.;
8. copies of injury and incident reports, as required by 606 CMR 7.11(5)(f);

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

9. copies of periodic progress reports, as required by 606 CMR 7.06(3);
10. individual program plans, and periodic review of such plans, for any child with a disability, as required by 606 CMR 7.04(13)(f), including IFSPs, IEPs, and other documentation as provided by parents;
11. all pertinent correspondence concerning the child.

**2020 INTERIM RULES:** In addition to the requirements included in Section 7.04(7)(b)(1-11) and in accordance with the Minimum Requirements for Health and Safety, ongoing records must include daily health attestations completed by parents or guardians (i.e. signed health screening form) for each child enrolled. Daily health attestations must be recorded and maintained on file at least until the end of the Governor's State of Emergency.

(8) Children's Record Exceptions. Notwithstanding the provisions of 606 CMR 7.04(7)(a)13. and 7.04(7)(b)1.:

- (a) No child shall be required to have any such immunization if his or her parent(s) objects thereto, in writing, on the grounds that it conflicts with their sincere religious beliefs or if the child's physician, nurse educator, or physician assistant submits documentation that such a procedure is contraindicated.
- (b) For school age children, the licensee may accept either:
  1. a written parental statement that the required information is on file with the child's school; or
  2. copies of the child's immunization, physical examination and lead screening records.

(9) Updating Records. Children's records must be reviewed and updated as necessary, but no less frequently than once per year. A written consent provided under 606 CMR 7.04(7)(a)3. through 12. shall be valid for one year from the date of its execution unless such consent is withdrawn, in writing, prior to that time.

(10) Amending the Child's Record.

- (a) A child's parent(s) have the right to add information, comments, data or any other relevant materials to the child's record;
- (b) A child's parent(s) have the right to request deletion or amendment of any information contained in the child's record.
  1. If the parent(s) is of the opinion that adding information is not sufficient to explain, clarify, or correct objectionable material in the child's record, the parent has a right to have a **virtual** conference with the licensee to make his objections known.
  2. The licensee must, within one week after the **virtual** conference, render to the parent(s) a decision in writing stating the reason or reasons for the decision. If the decision is in favor of the parent(s), steps must be taken immediately to put the decision into effect.

**2020 INTERIM RULES:** Non-essential visitors are prohibited from entering the child care space during the COVID-19 Emergency. Instead programs must offer virtual parent conferences.

(11) Charge for Copies. The licensee must not charge an unreasonable fee for copies of any information contained in the child's record.

(12) Confidentiality and Distribution of Records and Information. Information pertaining to children and their families is privileged and confidential. No licensee or educator may distribute or release information about a child or his/her family to any unauthorized person, or discuss with any unauthorized person information about a child or his/her family without the written consent of the child's parent. The child's parent, at reasonable times, must, upon request, have access to everything in his or her child's

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

record.

- (a) The licensee must not distribute or release information in a child's record to anyone not directly related to implementing the program plan for the child without the written consent of the child's parent(s) or pursuant to a court order. The licensee must notify the parent(s) if the child's record is subpoenaed.
- (b) The child's parent(s) must, upon request, have access to their child's record at reasonable times. In no event may such access be delayed more than two business days after the initial request without the consent of the child's parent(s). Upon such request for access, the child's entire record must be made available regardless of the physical location of its parts.
- (c) Upon written request of the parent(s), the licensee must transfer a copy of the child's records to the parent(s), or any other person the parent(s) identifies within a reasonable amount of time.
- (d) The licensee must establish procedures governing access to, duplication of, and distribution of such information; and must maintain a permanent, written log in each child's record indicating each time a child's record has been released or reviewed.
  1. Each time information is released or distributed from a child's record to someone who is not a program employee the following information must be recorded: the name, signature, and position of the person releasing or distributing the information; the date; the portions of the record which were distributed or released; the purpose of such distribution or release; and the signature of the person to whom the information is distributed or released.
  2. Such log must be available only to the child's parent(s), to program personnel responsible for record maintenance, and to the EEC as part of its regulatory function.

(13) Children with Disabilities. The licensee must accept applications and make reasonable accommodations to welcome or continue to serve any child with a disability. In determining whether accommodations are reasonable and necessary, the licensee must, with parental consent and as appropriate, request information about the child from the Local Education Agency (LEA), Early Intervention Program or other health or service providers.

- (a) Based upon available information the licensee must, with the parent's input, identify in writing the specific accommodations, if any, required to meet the needs of the child at the program, including, but not limited to:
  1. any change or modifications in the child's participation in regular program activities;
  2. the size of the group to which the child may be assigned and the appropriate staff/child ratio; and
  3. any special equipment, materials, ramps or aids needed to serve the child.
- (b) The licensee must provide written notification to the parent within 30 days of the receipt of the authorized and requested information, if, in the licensee's judgment, the accommodations required by 606 CMR 7.04(13) to serve the child are not reasonable or would cause an undue burden to the program. This notification must include, but is not limited to:
  1. the reasons for the decision;
  2. notification to the parent(s) that they may request that the Department review the licensee's decision and determine if the licensee is in compliance with 102 CMR 1.03(1) and 606 CMR 7.04(13).
- (c) The licensee must maintain a copy of this notification in its records.
- (d) The accommodations related to the toileting needs of a child with a disability who is not toilet trained must not be considered an undue burden.
- (e) In determining whether the accommodations required by 606 CMR 7.04(13) are reasonable or would cause an undue burden to the program, the licensee must consider at least the following factors:
  1. the nature and cost of the accommodations needed to provide care for the child at the program;
  2. the ability to secure funding or services from other sources;
  3. the overall financial resources of the licensee;
  4. the number of persons employed by the licensee;

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

5. the effect on expenses and resources, or the impact otherwise of such action upon the licensee; and
  6. whether the required accommodation alters the fundamental nature of the program **and any other factors regarding a reasonable accommodation.**
- (f) The licensee must, with parental permission, contribute to the development and review of the child's program plan in cooperation with the LEA, Early Intervention Program and/or other health and service providers.
- (g) The licensee must identify at least one educator to serve as the liaison for each child with a disability. The liaison must be responsible for coordinating care in the program and with service providers and communicating with the child's parents, service providers and educators.

**2020 INTERIM RULES:** 7.04(13)(e)(6) In determining whether the accommodations required by 606 CMR 7.04(13) are reasonable or would cause an undue burden to the program, the licensee must consider any other factors regarding a reasonable accommodation.

- (14) Required Postings. The licensee must post the following information in an area easily visible to parents, educators and visitors:
- (a) "Call 911" reminder and the telephone number and address of the program, including the location of the program in the facility;
  - (b) the telephone number of the Poison Control Center and the name and telephone number of the emergency back-up person.
  - (c) in a manner that protects the privacy of each child:
    1. a list of all emergency or life saving medications, including but not limited to epinephrine auto-injectors, inhalers, and anti-seizure medications, that specifies to which children they belong; and
    2. a list of allergies and/or other emergency medical information provided by the parent for each child;
  - (d) the current license or approval, **including the Approval to Reopen Letter;**

**2020 INTERIM RULES:** In addition to the required postings listed in Section 7.04(14)(a-d), the Licensee must post the program's provisional and/or final Approval to Reopen in an area easily visible to parents, educators, and essential visitors.

- (15) Notifications to the Department.
- (a) Notification of Death or Serious Injury. The licensee must immediately report to the Department by telephone the following:
    1. the death of any child which occurs while such child is in care, or resulting from an injury or event that occurred while the child was in care;
    2. any injury to any child which occurs during the hours while such child is in care and which requires hospitalization or emergency medical treatment.
  - (b) Notifications of Reportable Diseases and Medical Errors. The licensee must immediately report to the Department the following:
    1. the contagious illness of a child that is a reportable condition as set by the Division of Communicable Disease Control, Department of Public Health;
    2. any medication error which occurred while the child was in care and which:
      - a. required hospitalization or emergency medical treatment, or
      - b. which resulted in a child receiving the wrong medication.

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- (c) The licensee must follow its immediate notification to the Department of any death, serious injury, reportable illness, or medication error with a written notice within 48 hours of making the original report.

**2020 INTERIM RULES:** 7.04(15)(b) During the COVID-19 State of Emergency, all programs must report positive COVID-19 cases of children and staff in the program to the Department of Public Health using the COVID-19 Positive Reporting Form found in a provider's LEAD account.

- (d) Notification of Legal Proceedings.
1. The licensee must report to the Department, in writing, within five days of the initiation of any legal proceedings brought against the program or any person employed by the program if such proceeding arises out of circumstances related to the care of children in the program or may impact the continued operation of the program.
  2. In family child care, the licensee must notify the Department in writing within five days of the initiation of the legal proceedings listed in 606 CMR 7.04(15)(d)2.a. through a which are brought against any educator, household member of the licensee or person regularly on the premises of the family child care home:
    - a. any criminal or delinquency complaint listed in the Department's Background Record Check regulations;
    - b. any civil action in which mistreatment or neglect of a child is alleged; and
    - c. any petition alleging that a child of an educator, any household member of the licensee or any person regularly on the premises of the family child care home is in need of care and protection.
- (e) Notification of Change of Location or Telephone Number. The licensee must provide notification to the Department prior to any change in the location or telephone number of the program. A change in location may require a new application and issuance of a new or amended license, after receipt of all necessary information and documentation of compliance with all applicable regulations.
1. Family child care programs must notify the Department at least ten days prior to any change in location.
  2. Small group and school age and large group and school age child care programs must notify the Department in writing at least 30 days prior to any change in location.
- (f) Notification of Change in Program Space. The licensee must notify the Department when possible, at least 30 days prior to any change in the space used by the program. If the licensee is unable to provide 30 days notice, the licensee must notify the Department by telephone immediately upon learning of the impending change.
- (g) Notification of Failure to Renew Required Inspection Certificates. The licensee must notify EEC whenever non-compliance with applicable codes prevents renewal of required inspection certificates.
- (h) Change of Location in Case of Emergency. In case of fire or other emergency that requires the evacuation of the facility and results in the need to seek other shelter, the licensee must notify the Department immediately by telephone of the incident.
- (i) Notification of Law Enforcement Activity. In the event of an incident on the child care premises that results in a report to law enforcement officials and that could impact the health, safety, and/or wellbeing of children in care, or in the event of the arrest of an educator or person regularly on the child care premises, the licensee must notify the Department by telephone within 24 hours of the incident. The licensee, if requested by the Department, must prepare and submit to the Department a written report regarding the incident.
- (j) Notification of Response by Fire Department. In the event of an incident on the child care premises (other than a false alarm) that results in a response by the fire department, the licensee must notify the Department by telephone within 24 hours of the incident. The licensee, if requested by the Department, must prepare and submit to the Department a written report regarding the incident.

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- (k) Notification of 51A Report. The Program must notify the Department as required in 606 CMR 7.11(4)(e) and (f).
  - (l) Action by the Internal Revenue Service. The licensee must notify the Department in writing of any action brought against the licensee by the Internal Revenue Service.
  - (m) Motor Vehicle Accident. The licensee must notify the Department immediately of any accident involving the transportation of children when such transportation is provided or contracted by the licensee.
  - (n) Notice of Intent to Close. The licensee must provide notification in writing to the Department and to parents of all children in care of its intent to close the program no less than 30 days prior to the anticipated closing. The notice to the Department must include a plan to notify parents and a plan for the storage and preservation of all required records.
- (16) Additional Requirements for Family Child Care and Small Group and School Age Child Care.
- (a) The licensee must notify the Department if it joins or leaves a family child care system.
  - (b) Change in Household Composition. A family child care licensee must notify the Department within seven days of approval as a foster or adoptive placement resource, or of any change in the household composition.
  - (c) Notification of Firearms. The licensee must notify the Department whenever a firearm is brought into the family child care home.
  - (d) The licensee must notify the Department if the home is found by the Department of Public Health to be a source of lead poisoning for any child, as required by 606 CMR 7.07(15)(a)6.
- (17) Additional Requirements for Small Group and School Age and Large Group and School Age Child Care.
- (a) Statement of Purpose. Each licensee must keep and maintain a written statement identifying the program's philosophy; its goals and objectives; the ages of children served; and the services provided. The licensee must provide each child's parent(s) with a copy of this statement, must make this statement available upon request to any person, and must keep such statement current.
  - (b) Evidence of Authority to Operate. Each licensee must have documentary evidence of its source of authority to operate the program.
    1. A program operated by the Commonwealth or any political subdivision thereof must keep and maintain documents that identify the statutory basis of its existence, and the administrative framework of the governmental department in which it operates.
    2. A private program must keep and maintain documents that fully and completely identify its ownership. Corporations, partnerships, limited liability companies, or associations must identify their officers or principals and maintain a file, which must include, where applicable, the charter, partnership agreement, constitution, articles of organization and by-laws. Where applicable, documents must include, but not be limited to, copies of all papers filed with the Secretary of the Commonwealth and/or any political subdivision of the Commonwealth.
  - (c) Organizational Information.
    1. If the program employs more than one person, the licensee must provide information on the administrative organization of the program to parents and educators, including an organizational chart identifying the lines of authority and supervision within the program, and identifying the Department of Early Education and Care as the licensing authority.
    2. All employees on duty must know who is responsible for administrative supervision of the program at all times.
  - (d) Notification of Change of Ownership. The licensee must provide prior notification, in writing, to the Department no less than 30 days prior to any change in ownership of the program.
  - (e) Written Notification of Change in Program Space. The notification to the Department at least 30 days prior to any change in the space used by the program required by 606 CMR 7.04(15)(f), must be made in writing. If the licensee is unable to provide 30 days' notice, the licensee must notify the

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

Department by telephone immediately upon learning of the impending change and must send a written report to the Department within 48 hours of notification.

(f) Notification of Change in Water Source. The licensee must provide written notification to the Department when possible, at least 30 days prior to any change in the source of water used by the program. If the licensee is unable to provide 30 days notice, the licensee must notify the Department by telephone immediately upon learning of the impending change and must send a written report to the Department within 48 hours of notification, including any required certifications.

(g) Enrollment Policy and Procedures. Each licensee must keep and maintain:

1. a statement of non-discrimination, which must include a statement that toilet training status is not an eligibility requirement for enrollment;
2. a statement describing its enrollment procedures.

(h) Plan for Referral Services. The licensee shall have a written plan describing procedures for referring parents to appropriate social, mental health, educational and medical services, including but not limited to dental check-up, vision or hearing screening for their child, should the program staff feel that an assessment for such additional services would benefit the child. The written plan **must ensure that significant needs are addressed, must accommodate for best public health practices**, and must include, but not be limited to the following:

1. staff responsibilities for informing the licensee of their concern;
2. procedures for observing and recording the child's behavior and reviewing the child's record prior to making a referral;
3. procedures for meeting with parents to notify them of the program's concern;
4. a current list of referral resources in the community for children in need of social, mental health, educational or medical services. This list shall include the contact person for St. 1972, c. 766 and Early Intervention Program referral;
5. written notice to the appropriate administrator of special education that the licensee is serving a child with a disability, if the child is two years and nine months old or older;
6. written notice to the administrator of the DPH Early Intervention program if the licensee is serving a child with a disability who is younger than two years and nine months old.

**2020 INTERIM RULES:** In addition to the requirements set forth in Section 7.04(17)(h)(1-6), the written plan for referral services must ensure that significant needs are addressed and must accommodate for best public health practices for duration of the state of emergency, including provisions for facilitating and coordinating telehealth and other remote service delivery options.

(i) Suspension and Termination. The licensee must describe in writing the program's procedures for avoiding the suspension or termination of a child from the program due to challenging behavior. The procedures to avoid suspension and termination must include:

1. providing an opportunity to meet with parents to discuss options other than suspension or termination;
2. offering referrals to parents for evaluation, diagnostic or therapeutic services;
3. pursuing options for supportive services to the program, including consultation and educator training;
4. developing a plan for behavioral intervention at home and in the program.

(j) Student Interns. The licensee shall describe, in writing, any arrangements with any school or professional training program, including a description of student responsibilities and supervision of students by the school or training program and the child care program.

**INTERIM RULE REMOVED:** Student Interns are now permitted in programs as long as they are assigned to a single classroom in line with the Minimum Requirements for Health and Safety.

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- (k) Staff Meetings. In programs with four or more staff the licensee must develop and follow a written plan and must document regular staff meetings of at least two hours per month to consult with educators on program issues; program planning; policies and procedures; parent communication; implementation of 606 CMR 7.00; children's behaviors and meeting the individual needs of children.
- (l) Personnel Policies. In programs with four or more paid staff the licensee must describe, in writing, the program's current personnel policies and practices and must make them available to all employees and prospective employees at the program. Such personnel policies must include, when appropriate, a description of:
1. the criteria and procedures for hiring, promotion, probationary periods, disciplining, suspension, and dismissal of any staff person;
  2. the procedure for handling staff complaints;
  3. the procedure for handling allegations of child abuse or neglect against a staff member, including the requirements of 606 CMR 7.11(4)(e) and (f);
  4. job descriptions for all paid educator positions;
  5. the salary range covering all positions. The licensee must provide each employee with information regarding the salary range for his/her position or the procedure for determining the salary for his/her position.
- (m) Administrative Requirements. The licensee must designate in writing a person or persons who shall function as a Program Administrator.
1. The Program Administrator must be qualified for the responsibilities assumed.
  2. The Program Administrator must have overall responsibility for the operation of the program and must be authorized to act as the licensee's agent.
  3. Educators must not perform administrative duties when they are assigned teaching duties with groups of children.
  4. Plan for Shared Administration. If the licensee employs more than one person to assume administrative responsibilities, the licensee must have a written plan describing how duties will be shared.
  5. Plan for Administration of Multiple Sites. If an administrator is responsible for multiple sites, the licensee must submit a written plan for administration that specifies:
    - a. the number of sites the administrator is responsible for;
    - b. the number of hours per week the administrator will spend at each program;
    - c. the person who will assume responsibility for administration when the designated administrator is unavailable.
  6. Notification of Change of Administrator. The licensee must provide prior notification, in writing, to the Department of any change of the person designated by the owner or the governing body as having responsibility for administration of the program.
  7. Provisions for Temporary Absence of Administrator. The licensee shall inform all staff on duty as to who is responsible for administration of the program at any given time.
    - a. In the event of a temporary absence of the administrator lasting no longer than two weeks, the administrator must appoint a designee who shall be on the premises of the center while it is in operation.
    - b. The designee shall meet the qualifications of a family child care provider as required for the number of children served, or of a teacher, as required by 606 CMR 7.09(18)(c)2., or site coordinator, as required by 606 CMR 7.09(19)(a)3., as appropriate to the age group served.
  8. Administrative Staffing. At least one administrator meeting the qualifications specified at 606 CMR 7.04(17)(m)9. must be on the premises full time during the hours of program operation. Administrative duties may be shared by two or more individuals if:
    - a. each individual has non-teaching administrative time; and
    - b. the combined non-teaching administrative time of all administrative designees fulfills the requirements specified at 606 CMR 7.04(17)(m)9.:

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

Regulation 606 CMR 7.04(17)(m)9.	Licensed Capacity	Hours of Operation Per Day	Required Non- Teaching Administrative Time	Administrator Qualifications
a.	No more than ten infant - school-age	Any # of hours	0	Family Child Care Provider or Teacher or Site Coordinator
b.	11 through 13 infant - preschool	Any # of hours	0	Lead Teacher
c.	14 through 26 infant - preschool	Less than four	0	Lead Teacher
d.	14 through 26 infant - preschool	Four or more	0	Director I
e.	27 through 39 infant - preschool	Any # of hours	50% FTE	Director I
f.	40 through 79 infant - preschool	Any # of hours	50% FTE	Director I
g.	80+ infant - preschool	Any # of hours	50% FTE	Director II
h.	11 through 52 school age children	Any # of hours	20% FTE	School Age Administrator
i.	53+ school age children	Any # of hours	50% FTE	School Age Administrator

10. In the event of a temporary absence of the administrator, the designee may remain in the staff-child ratios for no more than three consecutive days when non-teaching administrative time is required.

11. In programs serving school age children, ½ of the non-teaching administrative time may be provided outside of program hours.

- (n) The licensee must maintain on site a copy of its Integrated Pest Management Plan.
- (o) The licensee must maintain documentation of appropriate staffing at all times, including when regularly assigned educators are absent due to illness, personal business or vacation;
- (p) Required Postings. In addition to the information required to be posted by 606 CMR 7.04(14) the licensee must post the following information:
  1. the location of the health care policy;
  2. the name, address and telephone number of the health care consultant;
  3. the location of the first aid kit; and
  4. next to each exit, emergency and evacuation procedures.

(18) Additional Requirements for Large Group and School Age Child Care Programs.

- (a) The licensee must have and submit a projected one-year operating budget that estimates income and expenses. In addition, a program that has not previously operated must document and submit proof of financial capability to carry out its program for at least a three month period.
- (b) Transitions. The licensee must describe in writing the program's procedures for transitioning a child between classrooms and programs. The procedures must include:
  1. collaboration and information sharing between educators in each classroom or program, with parental permission;
  2. a plan for assisting the child with the transition in a manner consistent with the child's ability to understand;

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- (c) **Staff Records.** In addition to the information required by 606 CMR 7.04(5), the licensee must maintain in each personnel record:
1. the employee's resume or job application;
  2. documentation of the employment interview;
  3. the staff information form;
  4. documentation of two verbal reference verifications, including one professional or academic reference;
  5. evidence of completed background record checks, as required by 102 CMR 1.05(2) and 606 CMR 14.00;
  6. documentation of ongoing supervision and annual evaluations, as required by 606 CMR 7.09(17)(b) and (c), as applicable; and
  7. documentation of any disciplinary actions or investigations.
- (d) The licensee must maintain on site:
1. a current staff records check list that reflects all regular employees, and
  2. copies of licenses, certifications and registrations held by all regular staff, if any.
- (e) For all staff temporarily assigned to the program the licensee must have available on site documentation of compliance with EEC Background Record Checks, health requirements, first aid training requirements and staff qualifications.
- (f) If a Site Coordinator serves as the School Age Administrator for the program, the Site Coordinator must be supervised by a qualified School Age Program Administrator, who may be off-site.
- (g) Programs serving children younger than school age must assure that:
1. the designated administrator is lead teacher qualified for each age group served. Alternatively, administrative duties may be shared by two or more individuals if each individual is at least lead teacher qualified for the group s/he administers.
  2. a person who is lead teacher qualified for each age group served is on the premises full time. This may be the designated administrator.
  3. in programs with a licensed capacity greater than 39, one additional lead teacher qualified person must be on the premises full time for every 40 additional children.

### 7.05 : Interactions Among Adults and Children

**2020 INTERIM RULES:** EEC recognizes that the regulations below reflect best practices and that some modifications to daily practices will be required to interact with children safely during the COVID-19 emergency. All adults working with children shall adhere to the following regulations to the greatest extent possible, while abiding by the Minimum Requirements for Health and Safety. If you are struggling to implement any of the regulations or requirements, please contact your licenser for additional resources and support.

The following requirements apply to all programs, including family child care, small group and school age and large group and school age child care.

- (1) Educators must be responsive to children's individual needs and support the development of self-esteem, self-expression, autonomy, social competence, and school readiness.
- (2) Educators must be nurturing and responsive to children by:
  - (a) frequently expressing warmth to individual children through behaviors such as holding babies, social conversations (including response to babies' vocalizations), joint laughter, eye contact, and smiles, and communicating at children's eye level;
  - (b) providing attentive, consistent, comforting, and culturally sensitive care;
  - (c) being consistent and predictable in their physical and emotional care of children, and when implementing program rules and expectations;

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- (d) recognizing signs of stress in children's behavior and responding with appropriate stress-reducing activities.
- (3) Educators must support children in the development of self-esteem, independence, and self-regulation by:
  - (a) demonstrating courtesy and respect when interacting with children and adults;
  - (b) encouraging appropriate expression of emotions, both positive (*e.g.* joy, pleasure, excitement) and negative (*e.g.*, anger, frustration and sadness);
  - (c) providing opportunities for children to develop self-help skills as they are ready; encouraging children's efforts, work and accomplishments;
  - (d) assuring that all children have equal opportunities to take part in all activities and use all materials;
  - (e) offering opportunities for children to make choices and decisions.
- (4) Educators must support children in the development of social competence by:
  - (a) promoting interaction and language use among children and between children and adults by talking to and with children frequently;
  - (b) encouraging children to share experiences and ideas;
  - (c) modeling cooperation, problem-solving strategies and responsible behavior for children;
  - (d) assisting children in learning social skills such as sharing, taking turns, and working together;
  - (e) encouraging children to listen to, help, and support each other;
  - (f) providing guidance to assist children in resolving conflicts, finding solutions to problems, and making decisions.
  - (g) helping children to understand and respect people different from themselves;
  - (h) helping children learn to respect each other's possessions and work;
  - (i) helping children learn effective ways to deal with bullying, teasing, or other forms of intolerance.
- (5) Educators must provide guidance to children in a positive and consistent way based on an understanding of the individual needs and development of children by:
  - (a) encouraging self-control and using positive child guidance techniques such as recognizing and reinforcing children's appropriate behaviors, having reasonable and positive expectations, setting clear and consistent limits, and redirecting;
  - (b) helping children learn social, communication, and emotional regulation skills they can use in place of challenging behaviors;
  - (c) using environmental modifications, activity modifications, adult or peer support, and other teaching strategies to encourage appropriate behavior and prevent challenging behaviors;
  - (d) intervening quickly when children are physically aggressive with one another and helping them develop more positive strategies for resolving conflict;
  - (e) explaining rules and procedures and the reasons for them to children, and where appropriate and feasible, allowing children to participate in the establishment of program rules, policies and procedures;
  - (f) discussing behavior management techniques among staff to promote consistency.
- (6) Educators must have a method of communicating effectively with each child.
- (7) Educators must direct child guidance to the goal of maximizing the growth and development of children and protecting the group and the individuals within it.
- (8) The following practices are strictly prohibited:
  - (a) spanking or other corporal punishment of children;
  - (b) subjecting children to cruel or severe punishment such as humiliation, verbal or physical abuse, neglect, or abusive treatment including any type of physical hitting inflicted in any manner upon the body, shaking, threats, or derogatory remarks;
  - (c) depriving children of outdoor time, meals or snacks; force feeding children or otherwise making them eat against their will, or in any way using food as a consequence;
  - (d) disciplining a child for soiling, wetting, or not using the toilet; forcing a child to remain in soiled clothing or to remain on the toilet, or using any other unusual or excessive practices for toileting;

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- (e) confining a child to a swing, high chair, crib, playpen or any other piece of equipment for an extended period of time in *lieu* of supervision; and
- (f) excessive time-out. Time-out may not exceed one minute for each year of the child's age and must take place within an educator's view.

### 7.06: Curriculum and Progress Reports

**2020 INTERIM RULES:** EEC recognizes that the regulations below reflect best practices and that some modifications to daily practices will be required to implement during the COVID-19 Emergency. All child care programs shall adhere to the following regulations to the greatest extent possible, while abiding by the Minimum Requirements for Health and Safety. This includes but is not limited to promoting at least 6 feet of physical distance, minimizing sharing, and maintaining stable, discrete groupings at all times. If you are struggling to implement any of the regulations or requirements, please contact your licenser for additional resources and support.

The following requirements apply to all programs, including family child care, small group and school age and large group and school age child care.

#### (1) Curriculum.

- (a) The licensee must provide a well-balanced curriculum of specific, planned learning experiences that support the social, emotional, physical, intellectual and language development of all children. The curriculum must:
  - 1. be developmentally and linguistically appropriate;
  - 2. provide for the development, interests and temperaments of individual children;
  - 3. support school readiness and/or educational development; and
  - 4. include goals for the knowledge and skills to be acquired by children in the areas of English language arts, mathematics, science and technology/engineering, history and social science, comprehensive health, and the arts.
- (b) The licensee must have evidence of a plan describing how program activities support and engage children through specific learning experiences. Such plan must be appropriate to the ages and development of the children served, to the length of the program day and to the program objectives. As appropriate, children must participate in the development of the plan, and the plan must provide for:
  - 1. reasonable regularity in routine, with sufficient flexibility to respond to the needs of individual children and to capitalize on unscheduled learning opportunities;
  - 2. opportunities for children to have a free choice among a variety of activities or to play alone or with one or several chosen peers, if desired, for at least half the program day;
  - 3. opportunities for children to participate in a variety of creative activities, such as art, music, literature, dramatic play and science, encouraging exploration, experimentation and discovery;
  - 4. daily indoor and outdoor time periods, weather permitting, which include both small and large muscle activities;
  - 5. at least 60 minutes of physical activity in full day programs;
  - 6. opportunities for children of all ages to interact with peers and adults to develop competence in verbal and nonverbal communication by responding to questions; communicating needs, thoughts, and experiences; and describing things and events;
  - 7. educators reading books daily with children of all ages in an engaging manner in group or individualized settings;
  - 8. opportunities for children to learn age appropriate self-help skills;
  - 9. opportunities that foster the development of independence and responsibility in children by encouraging decision-making, choices and independent time, as appropriate and with parent's consent, as required by 606 CMR 7.04(7)(a)8.;

10. opportunities to explore issues of cultural, social and individual diversity while developing awareness, acceptance and appreciation of differences; such as gender, language, culture, ethnicity, family composition and differing abilities;
  11. learning experiences that support problem solving, critical thinking, communication, language and literacy development, social skills and relationship building;
  12. opportunities to learn about proper nutrition, good health and personal safety;
  13. specific reasonable accommodations to allow children with disabilities to participate in regular program activities whenever possible; and
  14. in programs serving infants and toddlers, opportunities for infants and toddlers to move freely and achieve mastery of their bodies through self-initiated movement, including multiple opportunities to practice emerging skills in coordination, movement, balance, and perceptual-motor integration.
- (c) The licensee must ensure that:
1. there is a sufficient quantity and variety of materials and equipment to engage all children present in the program;
  2. materials and equipment encourage active physical play and quiet play activities;
  3. materials and equipment are visible and readily accessible to the children in care and are arranged to promote independent access by children;
  4. materials that promote imagination and creativity are available, for examples, blocks, sand, water, play dough, manipulatives and art materials;
  5. the approved space includes a small, quiet area that is inviting to children, visible to staff, and easily accessible to a child who seeks or needs time alone.

**2020 INTERIM RULES:** In accordance with the Minimum Requirements for Health and Safety, any materials and equipment that cannot be easily cleaned and disinfected or sanitized must be removed from rotation. This includes but is not limited to shared play dough and communal sensory (sand and water) tables and bins.

- (2) Transitions Between Activities. Transitions must be completed in a safe, timely, predictable and unhurried manner.
- (a) Activities must be planned and organized in advance to avoid children waiting.
  - (b) Children must be informed about transitions prior to their occurrence.
  - (c) Transitions between activities must be smooth and flexible.
  - (d) Children must not always be expected to move as a group from one activity to another.
  - (e) Visual, verbal and auditory cues must be used to support children's transitions.

**7.06(2)(d) Transitions Between Activities is temporarily amended.**

**2020 INTERIM RULES:** All programs must have a plan for supervision during transitions that includes ensuring that children maintain physical distancing and that children and staff remain in stable, discrete groups at all times.

- (3) Progress Reports. A written progress report must be prepared periodically on the progress of each child in the program. The program must offer parents a conference to discuss the content of the report. A copy of the progress report must be given to the parent and a copy kept in the child's record.
- (a) Frequency.
    1. For infants and children with identified special needs the progress report must be prepared every three months.
    2. For toddlers and preschoolers, the progress report must be prepared every six months.
    3. For school age children, the progress report must be prepared at least annually, at the midpoint of the child's program year.

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- (b) **Content.** The progress report must be based on observations and documentation of the child's progress in a range of activities over time and may include samples of the child's work.
    - 1. For children younger than school age, the progress report must address the development and growth of the child including but not limited to the developmental domains of Cognitive, Social/Emotional, Language and Fine and Gross Motor and Life Skills.
    - 2. For school age children, the progress report must address the child's growth and development within the parameters of the program's statement of purpose.
  - (c) All Educators, specialists and consultants working with the child in the program must be offered an opportunity to contribute to the progress report of the child.
- (4) **Use of Progress Reports.** Educators shall use progress reports to adapt the program to the children's individual strengths, interests, and needs; to maintain ongoing communication with the child's family, and; with parental permission, to facilitate the child's transition to another early education and care program or to kindergarten, as appropriate.
- (5) Notwithstanding 606 CMR 7.06(3)(a), special problems and significant developments must be documented and brought to the parent's attention as soon as they arise.
- (a) The licensee must offer information to parents regarding health and educational resources for the child and family.
  - (b) The licensee must obtain parental consent prior to contacting any outside social, educational or health care resource or service provider on behalf of an individual child. If such direct contacts are made by the program, the licensee must maintain a written record of such contacts and the results of such contacts.

### 7.07 : Physical Facility Requirements

The following requirements apply to all programs, including family child care, small group and school age and large group and school age child care. Additional requirements specific to family child care are found at 606 CMR 7.07(15). Additional requirements specific to small group and school age and large group and school age child care are found at 606 CMR 7.07(16).

- (1) The licensee must ensure that the physical facilities are safe, clean, in good repair and free from hazards and clutter. The licensee must monitor the environment daily to identify and remove or repair any hazards that may cause injury to children. Exits and evacuation routes must be kept clear of obstructions.
- (2) **Building Inspection.** Every program that is not located in a residence and every program that has a licensed capacity of more than ten children must provide a certificate of inspection from the Department of Public Safety or the local building inspector certifying that the facility complies with the applicable 780 CMR: The State Building Code.
- (3) **Fire Inspection.** The licensee shall submit evidence of compliance with applicable fire codes.
- (4) **Water Source Inspection.** The licensee must provide evidence that any private well or water source has been inspected and approved by the local board of health, health department, or private laboratory within one year of licensure and meets Department of Environmental Protection Standards, if applicable.
  - (a) This evidence must be updated upon renewal of a regular license.
  - (b) Programs using well-water to serve 25 or more people for at least 60 days each year require DEP approval as small public water suppliers.
- (5) The licensee must submit copies of current pool and pool roof inspections as required by applicable law or statute.

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- (6) Chipping and Peeling Paint. The licensee must maintain the interior and exterior of the program in good repair, free of chipping, flaking, or peeling paint or broken plaster.
- (7) Outdoor Space. The licensee must maintain, or have access to, an outdoor play area of at least 75 square feet per child who is outside at any one time.
- (a) The play area must be accessible to children with disabilities.
  - (b) The outdoor play space must be appropriate for each age group served.
  - (c) The outdoor play area must provide for both direct sunlight and shade.
  - (d) The outdoor play area must be free from hazards including but not limited to: a busy street, a parking lot, poisonous plants, water hazards, debris, broken glass, chipping, peeling or flaking paint, dangerous machinery or tools, and weather related and environmental hazards or small objects that could present a choking hazard to young children. Any such hazard must be removed or fenced by a sturdy, permanently installed barrier which is at least four feet high or otherwise protected or removed, as appropriate.
  - (e) If the outdoor play space is located on a roof, it must be protected by a barrier at least seven feet high, which cannot be climbed by children.
  - (f) The outdoor play space must not be covered with a dangerously harsh, abrasive, or toxic material.
  - (h) Suitable barriers, including but not limited to bulkhead doors, must be installed to prevent falls into outdoor stair or window wells.
- (8) Porches and Decks.
- (a) Porches and decks must be inspected and approved by the Department before use by child care children.
  - (b) Porches and decks may be used to meet the requirements for outdoor play space.
  - (c) Porches and decks that are more than three feet from grade level must be surrounded by a protective barricade in accordance with applicable building codes.
  - (d) Barricades must be sturdy and constructed in a way that will prevent a young child from going underneath, over, or through them.
  - (e) Stairs must be safely barricaded whenever the porch or deck is in use by children younger than three years old.
  - (f) Additional precautions may be required as deemed necessary.
- (9) Water Safety. For programs that offer swimming, boating or other water activities, the licensee must ensure that the area is safe and children are directly supervised at all times during activities involving water, including tubs, pools, showers, or standing water. Educator/child ratios must be sufficient to maintain the safety of children in or near water.
- (a) The licensee must ensure that all swimming and wading pools used by children are treated, cleaned, maintained and supervised according to sound health and safety practices and state and local guidelines and regulations.
  - (b) Whenever pools are not in use, they must be made inaccessible to children through the use of fences, self-locking gates, or other appropriate barriers to child access.
  - (c) Wading pools must be emptied immediately after use and sanitized between uses and whenever contaminated.
  - (d) When children are swimming in a swimming pool, an adult must be present who is aware of the pump location and is able to turn the pump off in the event of an emergency.
  - (e) Whenever children are swimming (not including the use of wading pools) a second adult must be on the premises available to assist in case of emergency.
  - (f) Whenever children participate in off-site water activities at least one person supervising the activity must be certified as a lifeguard and currently certified in CPR and first aid.
  - (g) All hot tubs, whether indoors or outdoors, must be inaccessible to children.
- (10) Indoor Space. The indoor space must be clean, safely maintained, well-ventilated and well-lit,

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

of sufficient size for the children served, and must encourage play and learning.

- (a) Child care must be provided only in space approved by the Department.
- (b) When measuring activity space, only usable floor space (exclusive of hallways, bathrooms, and portions of rooms or areas that contain furniture or equipment suitable only for adult use) may be included.
- (c) The total required activity space must be available to children for at least half of the program day.
- (d) The licensee must provide space to accommodate a variety of activities, and to accommodate all children who are present playing individually, together, and in small or large groups.
- (e) The licensee must provide a private yet visible area where a child can play or work alone or with another.
- (f) The licensee must ensure that space is arranged to provide clear pathways for movement from one area to another and to allow visual supervision by educators.
- ~~(g)~~ The licensee must provide sufficient space, accessible to children, for each child to store clothing and other personal items in a safe, sanitary manner ~~so that personal belongings do not touch.~~

**7.07(10)(c) Physical Facility Requirements (Indoor Space) is temporarily amended.**

**2020 INTERIM RULES:** To promote physical distancing of at least 6 feet, the total required activity space (exclusive of hallways, bathrooms, and portions of rooms or areas that contain furniture or equipment suitable only for adult use) must be available to children at all times during the day when more than one child is occupying the space.

**INTERIM RULE REMOVED:** children's personal belongings no longer need to be stored in a manner that prevents their touching another child's belongings.

- (h) Windows. All windows used for ventilation must include screens in good repair. Windows and glass doors must be constructed, adapted, or adjusted through the use of window guards or other means to prevent injury to children.
- (i) Room Temperature. Room temperature in rooms occupied by children must be maintained at a minimum of 65°F. Educators must take appropriate measures to protect children from health risks associated with excessive heat.
- (j) Pest Elimination. The interior of the child care program must be clean and maintained free from vermin. Safe and effective means of eliminating vermin must be provided. Pesticides may not be used on the child care premises during child care hours.
- (k) Toilets and Sinks.
  1. In facilities licensed for the first time after January 22, 2010, toilets and sinks must be available no more than one floor level away from the approved program space.
  2. When adult toilets and sinks are used, the licensee must provide a safe means to permit access by those children who are able to use them.
  3. In addition to toilets, portable "potty chairs" may be used in a bathroom for children unable to use toilets.
  4. In programs serving children younger than school age, locks on doors to bathrooms must be easily opened from both the inside and outside.
- (l) Water Temperature. The licensee must provide running water in sinks used by children. Water temperature must not exceed 120°F.
- (m) Refuse. Garbage must be kept in lined and covered containers. All trash containers must be emptied at least daily.
- (n) Eating Areas. The licensee must provide space sufficient for children to eat in an un-crowded

manner **that promotes physical distancing of at least 6 feet** and to meet the needs of all children.

(o) Electrical Outlets. All electrical outlets within the reach of children younger than school age must be made inaccessible by use of a safety device or covering that prevents access to the receptacle openings. If the covering is a shock stop, it must be of adequate size to prevent a choking hazard. All electrical cords must be arranged so they are not a hazard to children. Electrical cords must not be frayed or damaged.

(p) Carbon Monoxide Detectors. Approved carbon monoxide detectors must be located and maintained in the program in accordance with the provisions of the state fire safety code and guidelines.

**2020 INTERIM RULES:** Because children cannot wear masks during meal times, seating in eating areas must be arranged to promote a minimum of 6 feet of physical distance between children. Staff placement during meal times should be appropriate to the ages and abilities of the children. For example, infants and toddlers must be within arm's reach at all times while eating, so staff working with infants and toddlers must wear masks during meal times.

(11) Stairways. Stairways must be equipped with handrails.

(a) In programs serving children younger than three years old, barriers must be placed at the top and bottom of stairwells opening into areas used by children, unless prohibited by building or fire department regulations. Barriers must be permanently installed at the top of stairways. Pressure gates may not be used at the top of stairs.

(b) Open stairways used by children younger than school age must have railings or banisters installed along the open or unprotected side(s).

(12) Trampolines. Except for therapeutic equipment, the use of trampolines by child care children, whether indoors or outdoors, is prohibited.

(13) Safety Requirements for Equipment, Materials and Furnishings. The licensee must only use indoor and outdoor equipment, materials, furnishings, toys, and games that are appropriate to the ages, needs and developmental level of the children enrolled. They must be sturdy, safely constructed and installed, non-tippable, flame retardant, easily cleaned, and free from lead paint, protruding nails, rust, and other hazards that may be dangerous to children.

(a) The licensee must not use any equipment, materials, furnishings, toys, or games identified by the U.S. Consumer Product Safety Commission as being hazardous.

(b) The licensee must keep all equipment, materials, furnishings, toys, and games clean and in a safe, secure, and workable condition.

(c) The educator must arrange furnishings and fixtures safely, with sharp edges protected, and in such a way as to not present hazards to children.

(d) All play equipment, fences and structures must be free of entrapment hazards.

(e) Riding toys must not be used in any room where there is access to falling hazards.

(f) Electric fans, if used, must not be accessible to children.

(g) Educators must ensure that all hazardous objects, including but not limited to matches, lighters, toxic materials, sharp objects, plastic bags and purses are locked or inaccessible to children.

1. Toxic substances must be stored separately from food and medications.

2. All toxic substances must be labeled as to the contents and antidote.

(h) Strings and cords longer than six inches that are not part of recreational or educational materials, including, but not limited to cords on window blinds, curtains or shades, must be kept out of children's reach.

(14) Heating Safety.

- (a) All steam and hot water pipes and radiators must be protected by permanent screens, guards, insulation or another suitable device that prevents children from coming in contact with them.
- (b) The use of portable heaters and portable radiators is prohibited during child care hours.
- (c) All fuel burning stoves, including but not limited to wood, coal, pellet, or gas, when used during child care, must:
  - 1. meet applicable local and state codes and approval documentation must be provided to the Department;
  - 2. be maintained in a manner that ensures the safety of all children. Heaters and stoves in approved space or common space used by children must be surrounded by a fireproof wall or enclosed by partitions, screens, or guards or other similar barricades that are at least three feet in height and installed at least three feet from the heaters and stoves. If non-combustible and non-heat retaining materials are used, barricades may be placed two feet away from the stove.
  - 3. Heaters and stoves that are not used for heating purposes during child care, or are used before child care and are sufficiently cooled to prevent a child from being burned, may be barricaded less than two feet away.
  - 4. Heaters and stoves that are never used for heating purposes may be barricaded two feet from the stove or be sufficiently padded to prevent a child from injury if the child falls against

**2020 INTERIM RULES:** 7.07(13)(a) In accordance with the Minimum Requirements for Health and Safety, any materials and equipment that cannot be easily cleaned and disinfected or sanitized must be removed from rotation.

them.

(d) Fireplaces.

- 1. All working fireplaces in space used by children must have a secure child proof barrier in place at all times.
- 2. The educator must be in the room with the children whenever a fireplace is in use.
- 3. Hearths that present a hazard to children must be protected or padded.

(15) Additional Requirements for Family Child Care Programs.

(a) Lead Poisoning.

- 1. The licensee must provide information to parents in writing regarding the risks and sources of lead poisoning.
- 2. The licensee must provide all parents with a disclosure statement regarding any known source of lead in the home.
- 3. The licensee must maintain in each child's record a written acknowledgement of receipt of the information required by 606 CMR 7.07(15)(a)1. and 2.
- 4. If chipping or peeling paint or plaster is found in a home built prior to 1978 the licensee must provide written notification to the parents of all children in care of the possibility of exposure to lead paint.
- 5. The licensee must maintain in each child's record a written acknowledgement of receipt of the notification required above.
- 6. If a family child care home is determined by the Department of Public Health to be the source of lead poisoning for any child, the licensee must notify EEC and must follow DPH guidelines to eliminate further risk of lead poisoning.

(b) Exits.

- 1. Family child care homes must have at least two separate exits to the outside, approved by the Department.
- 2. If the family child care home has a basement space that is approved for child care, the basement must have at least two separate means of egress directly to the outside. The two

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

separate means of egress must be approved by the Department.

3. Any family child care home initially licensed prior to October 10, 2003, and which remains continuously licensed, will be exempt from the requirement of two separate means of egress from the basement. However, in the event of substantial renovations to the basement, the child care home must be in compliance with 606 CMR 7.07(15)(b)2. after the renovations are completed.

(c) Space.

1. The licensee must provide:

- a. a minimum of 150 square feet of approved activity space for one or two children;
- b. a minimum of 225 square feet of approved activity space for three to six children;
- c. 35 square feet of approved activity space for each child when serving seven to ten children;

2. The approved activity space counted toward the square footage requirement can be located on no more than two adjacent floors.

3. No more than one area that is used exclusively for napping purposes can be counted toward meeting the square footage requirements.

(d) Smoke Detectors.

1. Family child care homes must have approved smoke detectors on or near the ceiling throughout the home as follows:

- a. on each floor level of the home, including cellars and basements. An approved smoke detector must be installed in each stairway on the ceiling near the base, but not within, the stairway. A smoke detector installed to detect a fire in the basement must be located near the base of the stairwell leading to the floor above;
- b. outside of each separate sleeping area. Sleeping areas (*i.e.* bedrooms or sleeping rooms) separated by other rooms such as kitchens or living rooms (but not bathrooms) must be considered separate sleeping areas. A smoke detector installed to protect a sleeping area must be located outside the bedrooms but near the sleeping area.

2. Smoke detectors must be maintained in operable condition. The licensee must maintain a safety log of tests made monthly. If the smoke detector is battery operated, the batteries must be replaced at least annually, or more often as necessary, and noted in the safety log.

(e) Playground Safety. All playground equipment installed after January 22, 2010 and all playground equipment in homes first licensed after January 22, 2010 must be located within use zones that are covered with an adequate depth of an impact-absorbing material, in accordance with EEC policy. Pea gravel and wood chip nuggets must not be used in areas used by infants and toddlers.

### (16) Additional Requirements for Small Group and School Age and Large Group and School Age Child Care Programs.

(a) Lead Paint. If a program serves any child younger than five years old, the licensee must provide evidence of a lead paint inspection from the local board of health, or the Massachusetts Department of Public Health, or a private lead paint inspection service and compliance with The Department of Public Health regulations at 105 CMR 460.000: *Lead Poisoning Prevention and Control*.

1. A licensee that obtained evidence of a lead paint inspection and compliance with 105 CMR 460.000 from the local board of health or the Massachusetts Department of Public Health or a private lead paint inspection service prior to July 1, 1978, will not be required to comply with additional de-leading requirements unless:

- a. ordered to do so by the local board of health or the Massachusetts Department of Public Health to remain in compliance with 105 CMR 460.000; or
- b. expanding to space not previously approved by the Department.

2. If chipping, peeling, flaking or otherwise loose paint or plaster is discovered in a previously compliant facility built prior to 1978, the Licensee must obtain new evidence of compliance with 105 CMR 460.00.

3. The licensee must disclose the results of the lead inspection and any necessary remediation

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

plan to enrolled or prospective families.

(b) Integrated Pest Management. Programs must document compliance with the Integrated Pest Management program of the Department of Agricultural Resources.

(c) Space.

1. The licensee must provide a minimum of 35 square feet of activity space per child.
2. There must be designated space, separate from children's play or rest areas, for administrative duties and educator and parent conferences.
3. Activity space must be staffed, equipped and used for children's activities throughout the day. If the areas are not staffed, equipped and used throughout the day these areas may be approved as "accessory space".
4. The program must have activity space of its own, apart from other groups that may be using the facility, during the time that it operates.
5. Indoor play areas must be clearly defined by spatial arrangement reflecting the variety of creative activities required by 606 CMR 7.06(1)(b)3.
6. There must be a barrier between children's activity space and the kitchen.
7. Janitorial activities, such as vacuuming, washing floors and windows must not be carried out in any room while it is occupied by children.

### 7.07(16)(c) Space is temporarily amended.

**2020 INTERIM RULES:** In accordance with the Minimum Requirements for Health and Safety, a minimum of 42 square feet per child in attendance is required in the program space for Small and Large Group and School Age Programs. All child care programs must prepare the program space to promote physical distancing. Decisions about organization of the program space must be guided by the program's ability to implement adequate and consistent physical distancing. Program staff must review the physical distancing requirements for children in the program and be prepared to support children with adjustment to new systems and routines.

(d) Sinks, Toilets and Bathrooms.

1. The licensee must maintain a ratio of at least one toilet and sink in one or more well-ventilated bathrooms for every 20 children.
2. Any portable sink used to meet any of the requirements of 606 CMR 7.00 must be approved by the Board of Health.
3. Toilet facilities must afford adequate privacy appropriate to the ages of children enrolled in the program.
4. Bathrooms must be:
  - a. in close proximity to children's activity space, and
  - b. readily accessible to all children, including children with disabilities.
  - c. There must be running water or an approved alternative adjacent to each diapering area.

(e) Playground Safety. The use zones under and around swings, slides, and climbing structures must be covered with an adequate depth of an impact absorbing material, in accordance with EEC policy. Pea gravel and wood chip nuggets must not be used in areas used by infants and toddlers.

## 7.08: Family Involvement

The following requirements apply to all programs, including family child care, small group and school age and large group and school age child care. Additional requirements for family child care are found at 606 CMR 7.08(9). Additional requirements for small group and school age and large group and school age child care are found at 606 CMR 7.08(10).

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- (1) The licensee must support and encourage a partnership with and the involvement of parents in the early education and care of their children.
- (2) Parent Communication. The licensee must develop a mechanism for and encourage ongoing communication with parents, and must be able to communicate effectively with families whose primary language is not English or who require alternative communication methods.

**2020 INTERIM RULES:** Parent communications must include reasonable measures to communicate with families about COVID-19 related closures, illnesses, exposures, and related policies. Programs must make efforts to ensure family awareness and support of proper infection control practices. All child care programs must establish a communication system for staff and families for self-reporting of symptoms and notification of exposures and closures.

- (3) Parent Input. The licensee must have a procedure for allowing parental input in the development of program policies, which may include, but need not be limited to a suggestion box and individual or group parent meetings.

- (4) Parent Visits. The licensee must permit and encourage unannounced visits by parents to the program and/or to their child's room at any time while their child is present

7.08(4) Parent Visits is temporarily amended.

**2020 INTERIM RULES:** Non-Essential Visitors are not allowed in the child care space due to the COVID-19 Emergency.

- (5) Enrollment Meeting. The licensee must provide an opportunity for and encourage parents to meet with the program administrator or his/her designee **virtually** prior to admitting a child to the program.
  - (a) The licensee must offer children and parents a **virtual** orientation to the program.
  - (b) The licensee must provide an opportunity for parent(s) and children to **virtually** visit the program and meet educators before the child is enrolled.
  - (c) The licensee must seek information about each child's and family's interests and needs.
  - (d) To support transitions and coordinate services offered by other providers, the educators must request that parents share with them information about other therapeutic, educational, social and support services received by the child.
  - (e) For children younger than school age, educators must discuss each child's developmental history with his or her parents at the time of enrollment. The developmental history must be updated annually and maintained in the child's record.

**2020 INTERIM RULES:** Non-Essential Visitors are not allowed in the child care space due to the COVID-19 Emergency. EEC recognizes that enrollment meetings are a crucial component to supporting parent choice and comfort. To minimize contact and transmission of illness, all enrollment meetings must be offered virtually. Programs must be prepared to meet the needs of all children, including making efforts to coordinate the delivery of virtual services offered by other providers, when necessary and appropriate for the child.

- (6) Written Information for Parents. The licensee must provide the following information to families in writing prior to enrollment of their child:
  - (a) notification that parents are welcome to visit the program unannounced at any time while their child is present; and that input from and communication with parents is encouraged;
  - (b) the frequency of children's progress reports;
  - (c) the program's policy regarding administration of medication as in 606 CMR 7.11(2)(a);

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- (d) the procedures for meeting potential emergencies, as in 606 CMR 7.11(7)(f);
- (e) the transportation plan, as in 606 CMR 7.13(1);
- (f) a program calendar noting closed days and hours of operation;
- (g) the program's fee schedule, including any fees for late payment, late pick-up, field trips, special materials, *etc.*;
- (h) the program's plan to provide positive and consistent guidance to children based on their individual needs and development;
- (i) the program's criteria for excluding children from care due to serious illnesses, contagious diseases and reportable diseases in conformance with regulations and recommendations set by the Division of Communicable Disease Control, Department of Public Health;
- (j) information regarding SIDS risk reduction practices, including the practice of sleeping infants on their backs as required by 606 CMR 7.11(13)(e);
- (k) the procedures relating to children's records as in 606 CMR 7.04(7) through (10);
- (l) notice that child educators are mandated reporters and must, by law, report suspected child abuse or neglect to the Department of Children and Families;
- (m) notice that the program is licensed by EEC, including the telephone number and address of the EEC regional office responsible for the program;
- (n) a statement that parents may contact EEC for information regarding the program's regulatory compliance history.

**7.08(6)(a) Parent Visits is temporarily amended.**

**2020 INTERIM RULES:** Non-Essential Visitors are not allowed in the child care space. Therefore, notification to parents regarding the open door policy is not applicable at this time.

- (7) Parent Conferences. The licensee must make educators available for individual **virtual** conferences with parents at parental request.

**7.08(7) Parent Conferences is temporarily amended.**

**2020 INTERIM RULES:** Non-Essential Visitors are not allowed in the child care space due to the COVID-19 Emergency. EEC recognizes that parent conferences are important for both educators and families to encourage shared support children's ongoing growth and success. To minimize contact and transmission of illness, all conferences must be offered virtually.

- (8) Notifications to Parents. The licensee must inform parents:
- (a) immediately of any injury which requires any medical care beyond minor first aid or of any emergency administration of non-prescription medication;
  - (b) immediately of any allegation of abuse or neglect involving their children while in the care and custody of the licensee;
  - (c) prior to or as soon as possible following any change in educators;
  - (d) at the end of the day regarding any minor first aid administered;
  - (e) in writing within 24 hours of any incident described in 606 CMR 7.08(8)(a), (b), or (d);
  - (f) whenever special problems and significant developments arise, as provided at 606 CMR 7.06(5);
  - (g) whenever a communicable disease or condition has been identified in the program;
  - (h) in writing seven days prior to the implementation of any change in program policy or procedures;
  - (i) in writing prior to the introduction of any pets into the program;
  - (j) in writing of the use of any herbicides or pesticides, prior to their use whenever possible; and
  - (k) whenever the program deviates from the planned menu.

**2020 INTERIM RULES:** 7.08(8)(g) If a child or staff member in the program tests positive for COVID-19, the program should first complete the Department of Public Health's COVID-19 Positive Reporting Form available in a provider's LEAD portal and wait to speak with a DPH representative before communicating with parents to ensure accuracy of information.

- (9) Additional Requirements for Family Child Care. The provider must notify parents:
- (a) in writing of the existence of a firearm in the family child care home. This notification must be given upon enrollment and/or when the firearm is brought into the family child care home;
  - (b) of any changes in the regular composition of the household. The provider must notify the parents of anyone regularly on the premises.
- (10) Additional Requirements for Small Group and School Age and Large Group and School Age Child Care. In addition to the requirements of 606 CMR 7.08(6), the following information must be provided to parents in writing prior to enrollment:
- (a) the program's written statement of purpose, as required by 606 CMR 7.04(17)(a), including and, where applicable, information on the administrative organization of the program, as required by 606 CMR 7.04(17)(c);
  - (b) The suspension and termination policy as in 606 CMR 7.04(17)(i).

## 7.09 : Educator Qualifications and Professional Development

**2020 INTERIM RULES:** EEC's Teacher Qualifications Unit is continuing to process applications through the COVID-19 emergency and providing flexibilities and waivers for certain regulations as noted below. For more information on eligibility and application process please review the Professional Certification Application Packet for COVID-19 Waiver found here: [https://eelead.force.com/resource/1588083831000/ProfessionalQualification\\_GeneralApplication](https://eelead.force.com/resource/1588083831000/ProfessionalQualification_GeneralApplication)

The following requirements apply to all programs, including family child care, small group and school age and large group and school age child care. Additional requirements for family child care are found at 606 CMR 7.09(15). Additional requirements for small group and school age child care are found at 606 CMR 7.09(16) and (17). Additional requirements for large group and school age child care are found at 606 CMR 7.09(17) through (19).

- (1) The licensee must ensure that the program is staffed by appropriate numbers of persons with experience and/or education in providing education and care to children from birth to age 14.
- (2) The licensee must employ educators who, by prior education, training, experience and interest in fostering development and early childhood education, are qualified to meet the needs of the children enrolled, and who meet the qualifications for their respective positions.
- (3) The licensee shall encourage educators to continue their education in their appropriate fields and to maintain open and ongoing communication within the program to enhance the quality of care provided to the children.
- (4) All educators must register annually with the Department of Early Education and Care in accordance with EEC policies and procedures.
- (5) All educators must possess the qualifications required for their positions in accordance with EEC

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

regulations.

(6) All educators must demonstrate and maintain at all times the physical, mental and emotional ability to care for the children for whom they are responsible in a way that meets the generally accepted physical, social, emotional and intellectual needs of children. Educators must follow good personal hygiene practices at all times.

(7) No educator may regularly care for child care children more than 12 hours in any 24-hour period.

(8) Educators must exercise good judgment at all times and demonstrate an ability to handle emergency situations appropriately.

(9) All educators must attend an orientation to early education and care approved by the Department.

**7.09(9) Orientation to early education and care is temporarily amended.**

**2020 INTERIM RULES:** In person orientations are prohibited during the COVID-19 emergency. All educators must complete all pre-service training requirements online including the EEC Essentials trainings and the Guidance for Reopening course through the [StrongStart Professional Development System](#) prior to working with children.

(10) Evidence of Required Certification, Licensure or Registration. The licensee must obtain evidence that personnel are currently certified, licensed or registered where applicable laws and regulations require certification, licensure or registration, including, but not limited to, driver's licenses and EEC registration.

(11) Health Requirements for Educators. Prior to licensure or employment of any educator the licensee must obtain from a licensed health care practitioner:

- (a) evidence that the educator has had a physical examination within one year prior to employment;
- (b) evidence that the educator has been immunized in accordance with the recommendations of the Department of Public Health;
- (c) a statement of any limitations on the educator in working with children.

(12) Evidence of immunity to communicable diseases shall not be required from any person who states in writing that vaccination or immunization conflicts with his/her sincere religious beliefs or who presents a written statement by a licensed medical professional that such vaccination or immunization is medically contra-indicated.

(13) The educator must provide documentation of a current physical examination at the time of each license renewal or more often if, in the Department's or licensee's judgment, a medical condition requires a greater frequency.

(14) Current Health Statement. The educator must provide, upon request by the Department, a current statement signed by a physician or other professional acceptable to the Department certifying that she/he is in good physical and mental health.

(15) Additional Requirements for Educators in Family Child Care.

- (a) All educators must be at least 18 years of age.
- (b) Licensees. Prior to being licensed for the first time to provide family child care the applicant must submit evidence of current certification in basic first aid and CPR that is age appropriate for all of the children in care. In addition:
  - 1. an applicant for a license to care for six or fewer children must have at least the following:

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- a. one year of experience as a parent; or
  - b. one year of full-time experience, or the equivalent, in caring for children younger than 12 years of age; or
  - c. nine months of full-time experience in caring for children younger than 14 years of age and completion of 15 hours of training, approved by the Department, not including the EEC educator orientation; or
  - d. six months of full-time experience in caring for children younger than 12 years of age and completion of 30 hours of training, approved by the Department, not including the EEC orientation; or
  - e. qualification as a teacher or site coordinator by EEC.
2. An applicant for a license to care for seven or eight children, at least two of whom must be school age, must have evidence of having completed within one year prior to application a pre-service training approved by the Department; and either
- a. two years of experience as a family child care licensee or certified assistant; or
  - b. one year of experience as a family child care licensee or certified assistant and
    - i. one additional year caring for unrelated children in a group setting; or
    - ii. EEC certification as a teacher or site coordinator.
      - aa. An additional three credits in education or early childhood education may substitute for six months of the required additional experience.
      - bb. An additional six credits in education or early childhood education may substitute for nine months of the required additional experience.
3. An applicant for a license to care for nine or ten children must have evidence of having completed within one year prior to application a five hour pre-service training approved by the Department and either
- a. three years of experience as a family child care licensee or certified assistant, or
  - b. one year of experience as a family child care licensee or certified assistant; and one of the following:
    - i. two additional years caring for unrelated children in a group setting, which may include experience as a family child care licensee or certified assistant;
    - ii. EEC certification as a teacher or site coordinator and one additional year of experience caring for unrelated children in a group setting, which may include experience as a family child care licensee or certified assistant.
      - aa. An additional three credits in education or early childhood education may substitute for six months of the required additional experience.
      - bb. An additional six credits in education or early childhood education will substitute for nine months of the additional required experience.
- (c) Assistants. All assistants must demonstrate the ability to implement the provider's curriculum, activities and routines.
1. Certified Assistant.
    - a. An educator who meets the qualifications of the licensee may replace the licensee at any time, provided notice is given to parents in advance, in accordance with 606 CMR 7.08(8)(c).
    - b. An educator who meets the qualifications of a family child care educator licensed to serve six or fewer children may substitute for a provider licensed to care for up to ten children for up to 25 hours in a 12 month period.

**2020 INTERIM RULES:** Educators holding an EEC Teacher Certification (Infant/Toddler Teacher, Preschool Teacher, Lead Teacher, or Director Certification), shall be considered to meet the qualifications as a Certified Assistant.

2. Regular Assistant. An educator whose qualifications are neither equal to nor greater than the

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

licensee's qualifications may provide care under the general supervision of the licensee.

- a. A regular assistant may be alone on the premises with up to six children for up to 25 hours in a 12 month period, or up to eight hours in a seven day period, provided s/he is currently certified in first aid and CPR.
- b. In programs licensed to care for seven or more children, a regular assistant may provide care only under the supervision of a licensee or certified assistant.
- (d) Program Orientation. The licensee must inform all educators of the location of the children's records and the first aid kit and all procedures pertaining to the operation of the program, including, but not limited to, emergency procedures, variances, first aid procedures, supervision, child guidance, children's individual health plans, including infant sleeping positions, and the curriculum plan.
- (e) In-service Training. All licensees, certified assistants, and any educator who may be alone with children must maintain current certification of training in basic first aid and CPR, in accordance with EEC policy. Training in first aid and CPR may not be counted toward Professional Development hours.

**2020 INTERIM RULES:** 7.09(15)(c)(2)(a) EEC will honor extensions for educators unable to complete the required in-person CPR or First Aid training needed to maintain current certification due to the COVID-19 Emergency, as needed and in accordance with the temporary [CPR and First Aid Certification Extensions](#) policy.

- (f) Professional Development.
    1. Educators in family child care working more than 25 hours per year but less than ten hours per week must complete at least five hours of professional development activities per year.
    2. Educators in family child care working more than ten hours per week must complete at least ten hours of professional development per year.
    3. At least one third of the required professional development must address diverse learners.
  - (g) Upon request by the Department the licensee must provide a current statement signed by a physician or other professional acceptable to the Department certifying that any household member or person regularly on the premises of the family child care home is in good physical and mental health.
- (16) Additional Requirements for Small Group and School Age Child Care.
- (a) At least one educator in each small group and school age child care program must meet the qualifications for a family child care provider for the number of children in care; or
    1. be teacher or site coordinator qualified by EEC, if caring for six or fewer children;
    2. be lead teacher qualified, or have two years of experience as a teacher or site coordinator if caring of seven or eight children; or
    3. have three years of experience as a teacher or site coordinator, or be lead teacher or program administrator qualified, if caring for nine or ten children.
  - (b) Additional staff in small group and school age child care programs must be at least 16 years of age and in high school, or at least 18 years of age.
  - (c) Educators in small group and school age child care must complete ten hours of professional development activities per year. At least 25% of the required professional development must address diverse learners.
- (17) Additional Requirements for Small Group and School Age and Large Group and School Age Child Care.
- (a) Staff Orientation. The licensee must provide and document orientation for all employees.
    1. No staff person shall supervise or be solely responsible for children in care until she/he has received the minimum orientation described in 606 CMR 7.09(16)(a)2.
    2. The licensee must have a written plan for staff orientation, which must include:

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- a. the position of the staff person responsible for conducting the orientation;
  - b. the schedule and number of hours of the orientation; and
  - c. the content of the orientation which must include, but not be limited to a review of the following: job description; personnel policies; statement of purpose; statement of non-discrimination; health care policy, including medication administration policies and infant sleeping positions; information contained in the children's records that is pertinent to the education and care of the children; the program's confidentiality policy; child guidance policies and procedures for protecting children from abuse and neglect; suspension and termination policy; emergency plans and procedures; program plans; referral procedures; transportation plans; procedures for parent visits, input, conferences and communication; the identification of the Department of Early Education and Care as the licensing authority; and notification that 102 CMR 1.00 and 606 CMR 7.00 and 14.00 are available at the programsite.
- (b) Staff Supervision. The licensee must describe in writing and implement its plan for regular, ongoing supervision of all educators, as appropriate to their positions. Supervision must include, but not be limited to:
1. observation of educators while working with children at least every two months by a staff with lead teacher, site coordinator or higher qualifications;
  2. consultation with educators regarding children's individual needs and communication with families; and
  3. documentation of all observations and consultations.
- (c) Staff Evaluation. The licensee must conduct and document at least an annual written evaluation of the performance of each educator.
1. The evaluation must identify staff training and professional development needs; modify staff performance agreements, as necessary, and be used to assist each educator in improving his or her skills and professional competencies.
  2. Each educator must have the opportunity to provide input, read, comment on and sign his/her annual evaluation.
- (d) First Aid Training. All educators must obtain within six months of employment, and must maintain thereafter current certification of training in basic first aid appropriate to the population served.

**2020 INTERIM RULES:** 7.09(17)(d) EEC will honor extensions for educators unable to complete the required in-person CPR or First Aid training due to the COVID-19 Emergency, as needed and in accordance with the temporary [CPR and First Aid Certification Extensions](#) policy.

(18) Additional Requirements for Large Group and School Age Child Care Programs Serving Children Younger than School Age.

- (a) Definitions. For the purposes of educator qualifications in 606 CMR 7.09(18), the following definitions shall apply:
1. Alternative Early Childhood Training Program. The successful completion of a post-secondary early childhood teacher training program, approved by the Department, which includes both academic study of the categories in 606 CMR 7.09(18)(b) and at least one practicum as defined in 606 CMR 7.09(18)(a)2.
  2. Practicum. The successful completion of a minimum of 150 hours, over at least an eight week period, of direct work with infants and toddlers or preschoolers, supervised by personnel from an institution of higher learning or an alternative early childhood training program, with at least three site visits, including conferencing, and placement with a lead teacher qualified staff member. Responsibilities of the student intern shall include program planning, parent relations, and management of the whole group for a portion of the placement. The practicum must be with the appropriate chronological or developmental age to qualify staff to work with the corresponding age group. One practicum may substitute for nine months of work

experience.

**7.09(18)(a)(2) Practicum are temporarily amended.**

**2020 INTERIM RULES:** 606 CMR 7.09(18)(a)(2) EEC is providing flexibility through the creation of a waiver process for educators who have completed at least 50% of required hours of a practicum for college credit as part of a degree program AND who have completed all required educational courses. For more information about the COVID-19 Policy Waiver for EEC Practicum Requirements and eligibility requirements, please visit: [https://eelead.force.com/resource/1588083831000/EEC\\_TQ\\_PracticumGuidance](https://eelead.force.com/resource/1588083831000/EEC_TQ_PracticumGuidance)

3. Related Field of Study. A program at an accredited institution of higher learning which includes the study of caregiving, development, education, health care, or psychology of children, birth to eight years of age, or provision of direct services to children and their families.

4. Work Experience. Experience in providing direct care and teaching during all types of program activities to a group of children, younger than seven years old and not yet enrolled in first grade, or special needs children up to age 16, at least 12 hours per week, on a regular basis, in periods of at least four weeks in one program. Work experience of less than 12 hours per week may count as follows: 50 hours of consistent work at one program is equivalent to one month of work experience. Work experience, whether paid or unpaid, must meet the staff supervision requirements in 606 CMR 7.09(17)(b) and (c). Work experience must be in a licensed group child care center, family child care home or equivalent program accepted by the Department.

**7.09(18)(a)(4) Work Experience is temporarily amended.**

**2020 INTERIM RULES:** 7.09(18)(a)(4) EEC is providing flexibility to educators by accepting completed virtual classroom activities and Supervision during the COVID-19 closure period beginning 3/23/2020 as approved work experience. More information and the COVID-19 General Work Experience Form required to be completed by supervisors can be found here: [https://eelead.force.com/resource/1588083830000/COVID19\\_GeneralWorkExperience\\_Form](https://eelead.force.com/resource/1588083830000/COVID19_GeneralWorkExperience_Form)

(b) Categories of Study. The requirement for a category of study must be met with credits from an accredited institution of higher learning, alternative early childhood training program or with an Early Childhood Continuing Education Unit (CEU). Four CEUs in the same category of study are equal to three credits, three CEUs in the same category of study are equal to two credits. CEUs will not apply to Child Growth and Development. No more than three of the required 12 credits for lead teacher certification may be met with CEUs. The study of Early Childhood Education shall be categorized as follows:

1. Child Growth and Development, Birth - Eight Years.
2. Planning Programs and Environments for Young Children
3. Curriculum for Early Childhood Settings
4. Child and Classroom Management
5. Advanced or Specialized Early Childhood Education or Development
6. Children with Special Needs, Birth through 16 years.
7. Infant and Toddler Development, Care, and Program Planning
8. Health and Safety in Early Childhood
9. Families and Community
10. Child Care Policy
11. Supervision or Staff Development in Early Childhood Education
12. Child Observation, Documentation and Assessment

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

13. Child Care Administration

(c) Educator Qualifications.

1. Assistant Teacher. Must be at least 16 years of age or have a high school diploma or equivalent; must work at all times under the direct supervision of at least a teacher qualified staff person.

2. Teacher.

a. Must be at least 21 years of age or have a high school diploma or equivalent and meet one of the following sets of requirements:

i. have successfully completed three credits in category Child Growth and Development and have nine months of work experience or one practicum; or

ii. have a Child Development Associate (CDA) Credential; or

iii. have graduated from a two-year high school vocational program in early childhood education, approved by the Department for both the education and experience requirements and have been evaluated and recommended by the program instructor.

b. The following education may substitute for a portion of the required work experience:

i. An Associate's or Bachelor's degree in early childhood education or a related field of study may substitute for six months of the required experience.

ii. A Bachelor's degree in an unrelated field of study may substitute for three months of the required experience.

iii. For infant-toddler teachers, one continuing education unit (ten hours of instruction) in category Infant and Toddler Development, Care and Program Planning may substitute for three months of work experience.

c. To be qualified as a preschool teacher, three months of the required work experience must be in caregiving to preschool age children.

d. To be qualified as an infant/toddler teacher, three months of the required work experience must be in caregiving to infant/toddlers.

**7.09(18)(b)(1) Educator Qualifications: Categories of Study is temporarily amended.**

**2020 INTERIM RULES:** 7.09(18)(b) For the duration of the COVID-19 Emergency, 3 CEUs may be substituted for the 3 college credits in Child Growth and Development.

**7.09(18)(c)(2) Educator Qualifications: Teacher is temporarily amended.**

**2020 INTERIM RULES:** An Associate's or Bachelor's degree in early childhood education or a related field of study can substitute for these course requirements.

3. Lead Teacher for Infants and Toddlers. Must be at least 21 years of age and meet one of the following sets of requirements for education and experience. At least nine months of work experience or one practicum must be with infants and toddlers. If all work experience is with infants and toddlers, the total work experience required is reduced by  $\frac{1}{3}$ .

a. High School diploma or equivalent; and

i. 12 credits in at least four categories of study except Child Care Administration including three credits in Child Growth and Development and three credits in Infant and Toddler Care; and

ii. 36 months of work experience.

b. High School diploma or equivalent; Child Development Associate (CDA) Credential in Center-based, Home Visitor or Family Child Care setting with infant/toddler endorsement and 27 months of work experience.

c. Associate's degree in Early Childhood Education or a related field of study; and

i. 12 credits in at least four categories of study except Child Care Administration including three credits in Child Growth and Development and three credits in Infant and Toddler Care; and

ii. 18 months of work experience.

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- d. Bachelor's degree in an unrelated field of study; and
    - i. 12 credits in at least four categories of study except Child Care Administration including three credits in Child Growth and Development and three credits in Infant and Toddler Care; and
    - ii. 18 months of work experience.
  - e. Bachelor's or advanced degree in Early Childhood Education or in a related field of study; and
    - i. 12 credits in at least four categories of study except Child Care Administration including three credits in Child Growth and Development and three credits in Infant and Toddler Care;
    - ii. and nine months of work experience.
  - f. Alternative Early Childhood Training Program; and
    - i. 12 credits in at least four categories of study except Child Care Administration including three credits in Child Growth and Development and three credits in Infant and Toddler Care; and
    - ii. 27 months of work experience.
  - g. Certification as an Early Intervention Specialist by the Department of Public Health.
4. Lead Teacher for Preschoolers. Must be at least 21 years of age and meet one of the following sets of requirements for education and experience. At least nine months of work experience or one practicum must be with preschoolers.
- a. High School diploma or equivalent; and
    - i. 12 credits in at least four categories of study except Child Care Administration including three credits in Child Growth and Development, and two credits in Planning Programs, Curriculum or Classroom management; and
    - ii. 36 months of work experience.
  - b. High School diploma or equivalent; Child Development Associate (CDA) Credential in Center-based, Home Visitor, or Family Child Care setting with a preschool endorsement; and 27 months of work experience.
  - c. Associate's degree in Early Childhood Education or a related field of study; and
    - i. 12 credits in at least four categories of study except Child Care Administration including three credits in Child Growth and Development, and two credits in Planning Programs, Curriculum or Classroom management; and
    - ii. 18 months of work experience.
  - d. Bachelor's degree in an unrelated field of study; and
    - i. 12 credits in at least four categories of study except Child Care Administration including three credits in Child Growth and Development, and two credits in Planning Programs, Curriculum or Classroom management; and
    - ii. 18 months of work experience.
  - e. Bachelor's or advanced degree in Early Childhood Education or in a related field of study; and
    - i. 12 credits in at least four categories of study except Child Care Administration including three credits in Child Growth and Development, and two credits in Planning Programs, Curriculum or Classroom management; and
    - ii. nine months of work experience.
  - f. Alternative Early Childhood Training Program; and
    - i. 12 credits in at least four categories of study except Child Care Administration including three credits in Child Growth and Development, and two credits in Planning Programs, Curriculum or Classroom management; and
    - ii. 27 months of work experience.
  - g. K-3 Teacher of Young Children with Special Needs Certification from the Department of Education.
5. Director I: must meet the requirements of lead teacher; have six months of work experience

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

after meeting lead teacher qualifications; have evidence of satisfactory completion of at least two credits or three CEUs in category Child Care Administration; and have evidence of satisfactory completion of at least two additional credits or three CEU's in any category 606 CMR 7.09(18)(b)1. through 12.

6. Director II: must meet all the requirements of Director I and have evidence of satisfactory completion of at least two additional credits or three CEUs in any category 606 CMR 7.09(18)(b)6. or 606 CMR 7.09(18)(b)8. through 13.

(d) Professional Development. Educators in large group and school age child care programs must participate in professional development activities as follows:

1. Educators working fewer than ten hours per week shall complete a minimum of five hours of professional development activities per year;
2. Educators working at least ten but fewer than 20 hours per week shall complete a minimum of 12 hours of professional development activities per year;
3. Educators working 20 or more hours per week shall complete a minimum of 20 hours of professional development activities per year.
4. At least one third of the required professional development must address diverse learners.

(19) Additional Requirements for Large Group and School Age Child Care Programs Serving School Age Children.

(a) Staff Qualifications.

1. Assistant Leader. An assistant leader assists the group leader in carrying out his/her responsibilities. An assistant leader shall be:

- a. at least 16 years of age, work under the direct supervision of a group leader, and either
  - i. have a high school diploma or equivalent; or
  - ii. be currently enrolled in a high school program or equivalent; or
- b. 18 years of age or over and work under the general supervision of the group leader.

2. Group Leader.

A group leader shall be at least 18 years of age and meet one of the following sets of requirements:

- a. Have a Bachelor's Degree or an Associate's Degree; and have three months of experience working with school age children; or
- b. Have a high school diploma or equivalent; and have six months of experience working with school age children including three months of supervised experience at a school age child care program; or
- c. Have nine months of experience with school age children including three months of supervised experience at a school age child care program.

**7.09(19)(a)(2) Staff Qualifications: Group Leader is temporarily amended.**

**2020 INTERIM RULES:** For the duration of the COVID-19 Emergency, a Group Leader may be

- at least 16 years of age if they have been an assistant leader for 9 months AND have completed at least 10 hours of early education focused professional development per year; or
- a child care program Employee in a supervisory or proctoring role (group activity) with at least a year of experience with school age children AND at least 10 hours of early education focused professional development.

3. Site Coordinator. A site coordinator shall be at least 20 years of age and meet one of the following sets of requirements:

- a. Have a minimum of a Bachelor's Degree in Child Development, Early Childhood Education, Elementary Education, Child Guidance, Human Services, Nursing, Psychology, Physical Education, Recreation, Child Psychology, the Arts, Social Work, Sociology, or Child Care; and have six months of experience working with school age children; or
- b. Have a Bachelor's Degree in any field or an Associate's Degree in any field of study

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

listed in 606 CMR 7.09(19)(a)3.a. and have nine months of experience working with school age children; or

c. Have a high school diploma or equivalent; and have one year of experience working with school age children.

4. Program Administrator. Must be at least 21 years of age and meet the requirements of a Site Coordinator. In addition the Program Coordinator must have six months of administrative experience or evidence of satisfactory completion of at least nine credits in management or administration subject areas from an accredited institution of higher education.

(b) Professional Development. Educators in large group and school age child care programs must participate in professional development activities as follows:

1. Educators working fewer than ten hours per week shall complete a minimum of five hours of professional development activities per year;

2. Educators working at least ten but fewer than 20 hours per week shall complete a minimum of 12 hours of professional development activities per year;

3. Educators working 20 or more hours per week shall complete a minimum of 20 hours of professional development activities per year.

4. At least a third of the required professional development must address diverse learners.

### 7:10: Ratios, Group Sizes, and Supervision of Children

The following requirements apply to all programs, including family child care, small group and school age and large group and school age child care. Additional requirements for family child care are found at 606 CMR 7.10(6) and (7). Additional requirements for small group and school age child care are found at 606 CMR 7.10(7) and (8). Additional requirements for large group and school age child care are found at 606 CMR 7.10(8) and (9).

(1) The licensee must maintain sufficient numbers of qualified staff to promote the health, safety, growth and development of each child. Assignment of staff must take into account the physical environment, requirements of the activities children are engaged in, and the developmental levels and behavioral traits of children in care.

(2) Ratios. The program must have the number of educators necessary to:

(a) ensure adequate supervision of the group at all times, **including while responding to emergencies;**

(b) provide individual attention to children; and

(c) promote their physical, social, emotional and cognitive development.

**2020 INTERIM RULES: Ratios and group assignments must allow educators to maintain adequate supervision while responding to emergencies, including those related to COVID-19.**

(3) Staff to be Included in Ratios.

(a) For purposes of calculating staff: child ratios, staff shall include only those EEC- qualified persons who are assigned to care for children for specific hours of the day.

(b) Volunteers and student interns shall not be included in staff: child ratios unless they are at least 16 years of age (in Small and Large Group and School Age Child Care) or at least 18 years of age (in Family Child Care) and are assigned to the program for at least three months.

**2020 INTERIM RULES:** 7.10(3)(a) For the duration of the COVID-19 Emergency, per the Minimum Requirements for Health and Safety, staff assignments must be consistent and restricted to a stable, discrete child grouping at all times as a strategy to prevent the transmission of COVID-19.

**INTERIM RULE REMOVED:** Volunteers are now permitted in programs as long as the assignment of volunteers is in line with the Minimum Requirements for Health and Safety.

(4) **Multi-age Grouping.** A group of children ranging in age from birth through 13 years (or 16 years, if such children have special needs), may be assigned on an ongoing basis to a single group, provided all provisions of 606 CMR 7.10(4) are met. The Multi-age Grouping ratios and group sizes specified at 606 CMR 7.10(4)(d) through (h) may be used by:

(a) family child care and small group and school age child care programs;

(b) large group and school age child care programs if: during the initial two hours and final two hours of the program day, if:

1. the program operates more than seven hours per day, and
2. educators meet the qualifications required of educators in large group and school age child care programs;

(c) large group and school age child care programs during the entire program day when approved by the Department.

1. A large group and school age child care program may apply for and receive approval of a single full day Multi-age Group when it can demonstrate that:

- a. the developmental needs of every child in the Multi-age Group can be met in that setting;
- b. the program’s physical environment is sufficiently self-contained to allow the benefits of a “family setting” within a larger, center based program.

2. The Department may approve additional Multi-age Groups within a large group and school age child care program if the licensee can demonstrate, to the satisfaction of the Department, that the initial Multi-age Group has operated successfully for at least one year.

**7.10(4)(b) Multi Age Groupings is temporarily amended.**

**2020 INTERIM RULES:** During the COVID-19 Emergency, per the Minimum Requirements for Health and Safety, consistent and stable groupings must be used at all times. Therefore, the use of multi-age groupings during the initial two hours or final two hours of the program day that do not maintain stable groups are prohibited.

Regulation Number	Group Size	Minimum Number of Educators Present	Limits on Ages of Children
606 CMR 7.10(4)(d)	six or fewer children	one educator	No more than three children younger than two years old, including at least one toddler who is walking independently. Additional children must be older than 24 months.
606 CMR 7.10(4)(e)	seven or eight children	one educator	No more than three children younger than two years old, including at least one toddler who is walking independently. Additional children must be older than 24 months. All children over capacity of six must be school age.

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

606 CMR 7.10(4)(f)	six or fewer children	two educators	No more than six children younger than two years old.
606 CMR 7.10(4)(g)	seven – ten children	two educators	No more than six children younger than two years old, including no more than three infants.
606 CMR 7.10(4)(h)	seven-ten children	three educators	No more than six infants. Additional children must be 15 months of age or older.

(5) Supervision of Children. In addition to interacting with children as required by 606CMR 7.05, all licensees and educators must exercise appropriate supervision of the children in their care in order to ensure their health and safety at all times. Such supervision must include, but not be limited to, indoor and outdoor activities, mealtimes, naptime, transportation, field trips, and transitions between activities.

(a) Children younger than six months of age at the time of enrollment must be under direct visual supervision at all times, including while napping, during the first six weeks they are in care.

(b) Licensees and educators must use good judgment at all times and must consider the following factors when determining the appropriate level of supervision:

1. the chronological age and developmental needs of each child;
2. the behavioral characteristics of each child;
3. the number of educators supervising each group and their qualifications;
4. the environment and its impact upon the educator's ability to see and/or hear children; and
5. the nature of the activity and the materials and equipment used.

(c) Educators must be in sufficient proximity to children at all times in order to be able to intervene quickly when necessary.

(d) Educators must be positioned to maximize their ability to see and/or hear children in their care.

(e) Educators must be aware of children's activities at all times.

(f) Educators must not engage in any other activities or tasks that could unnecessarily divert their attention from supervising the children.

(g) In programs serving infants and toddlers, educators must not leave a child unattended in an infant seat, on a changing table, or any other surface that could result in a fall.

(h) No child may be outdoors without appropriate adult supervision as set forth in 606 CMR 7.10(5)(b).

(i) As provided at 606 CMR 7.13(3)(j), a child must never be left unattended in a vehicle.

(j) Children age seven or older may, with written parental consent, participate in activities within the approved indoor space without constant visual supervision by the educator. The educator must be aware of the child's location, monitor the child's activity at regular intervals based on the factors in 606 CMR 7.10(5)(b), be readily available to assist children, as needed, and be able to respond immediately to an emergency situation.

(k) Children age nine or older may leave the premises with written parent and educator consent, provided that the consent specifies the day and time the child will leave, the time the child will return, if applicable, the method of transportation the child will use, and the parent's responsibility for the child once he or she leaves the premises.

**2020 INTERIM RULES:** When sufficient proximity to children requires a distance of less than 6 feet, the educator must wear a face mask or transparent face mask even when outside per the Minimum Requirements for Health and Safety.

(6) Additional Provisions for Family Child Care. Notwithstanding 606 CMR 7.10(5)(h):

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- (a) children five years of age or older may be allowed to engage in outdoor activities unaccompanied by the educator if:
  - 1. the outdoor play space is located on the family child care premises of a single family or first floor residence, and is enclosed by a fence at least four feet high; and
  - 2. the children are observed by the caregiver every 15 minutes;
  - 3. the time unaccompanied by the provider does not exceed one hour; and
  - 4. the parents have given written permission.
- (b) Children age seven or older may, with written parental consent, participate in activities within the approved outdoor space unaccompanied by the provider if the educator:
  - 1. is aware of the child's location;
  - 2. monitors the child's activity at regular intervals based on the factors in 606 CMR 7.10(5)(b);
  - 3. is readily available to assist the children, as needed; and
  - 4. is able to respond immediately to an emergency situation.

### (7) Additional Requirements for Family Child Care and Small Group and School Age Child Care.

- (a) Except as provided at 606 CMR 7.10(5)(j), children must always be on the same floor level as the educator.
- (b) Except when attending to their personal hygiene needs, educators must be actively engaged in child care and education activities during all times when children are in care.
- (c) Educators must ensure that infants and toddlers are placed in a safe location when educators are unable to maintain direct eye contact with them for any reason.
- (d) The educator must visually observe napping children at least every 15 minutes. When children are placed in a separate room for naps, the door must remain ajar.

### (8) Additional Provisions for Small Group and School Age and Large Group and School Age Child Care.

- (a) Notwithstanding the provisions of 606 CMR 7.10(5)(j), the educator must accompany children to the bathroom whenever toilet facilities used by the children in care are also available to the public. When toilet facilities are used exclusively by the licensee's program and are not available to the public, an individual child of the appropriate age may, with permission from the educator, go to the bathroom independently. The educator may only allow one child at a time to use the bathroom independently.
- (b) Whenever more than one educator is providing care:
  - 1. the Licensee must establish a written schedule listing all persons on duty, including volunteers. The schedule must show compliance with at least the minimum educator ratios at all times, including during breaks and planning time;
  - 2. the Licensee must keep the schedule current and posted in an area easily visible to educators and parents and visitors.
- (c) Notwithstanding the staff: child ratios provided at 606 CMR 7.10(4), there must always be a second adult trained in the program's health care and emergency procedures immediately available in case of an emergency.

**INTERIM RULE REMOVED:** Volunteers are now permitted in programs as long as the assignment of volunteers is in line with the Minimum Requirements for Health and Safety.

### (9) Additional Provisions for Large Group and School Age Child Care.

- (a) Group Assignment of Children.
  - 1. All group assignments must be developmentally appropriate for the individual child.
  - 2. The group size must be appropriate for the activities planned and for the characteristics

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

of children assigned to the group.

3. Each child must be assigned to a consistent group with consistent staffing.
4. Notwithstanding the definitions of infant, toddler, preschool or school age child, children may be assigned to fixed age groups outside their chronologically defined age group based on a review of the child's most recent progress report or a narrative from the child's parent addressing the child's abilities in the areas of mobility, fine and gross motor control, communication, social interactions and cognition.
5. Whenever a child is considered for assignment in a fixed age group outside his chronologically defined age group, the licensee must:
  - a. consult with the child's parents, seek input into the group assignment decision, and obtain the parent's approval;
  - b. consider and document:
    - i. the specific reasons why the alternative group assignment is proposed;
    - ii. the child's ability to effectively participate in the proposed group's activities; and
    - iii. the ability of the group to accommodate the child's needs and behaviors;
  - c. ensure that the ages of children within the proposed group are not so divergent as to inhibit the child's growth and development;
  - d. ensure that a child is assigned to the next younger or next older chronologically defined age group;
  - e. document:
    - i. a monthly review of the child's adjustment to the group until the child reaches the minimum chronologically defined age of the group, if the child is younger than the defined age; or
    - ii. a monthly review of the child's skill development and a transition plan showing how and when the child will be moved to a group consistent with the child's chronological age, if the child is older than the defined maximum age of the group.
6. No more than two children outside the chronologically defined age range may be assigned to a fixed age group.

(b) Fixed Age Groups. Children may be assigned to groups with others within their same age range, as specified by the Department provided the requirements of 606 CMR 7.10(9)(b)1. through 6. are met. The fixed age group ratios and groupings below may be used by large group and school age child care programs.

Regulation Number	Age Group/Full or Half Day Program	Maximum Group Size	Educator/Child Ratio	Educator Qualifications
606 CMR 7.10(9)(b)1.	Infants (up to 15 months old) (Full or Half Day)	7	1: 3, one additional educator for four – seven infants	At least one Infant/Toddler Teacher, per 606 CMR 7.09(18)(c)2.
606 CMR 7.10(9)(b)2.	Toddlers (15 to 33 months) (Full or Half Day)	9	1:4, one additional educator for five – nine toddlers	At least one Infant/Toddler Teacher, per 606 CMR 7.09(18)(c)2.
606 CMR 7.10(9)(b)3.	Preschoolers 33 months to school age (Full Day)	20	1:10	At least one Preschool Teacher, per 606 CMR 7.09(18)(c)2.
606 CMR 7.10(9)(b)	Preschoolers 33 months to school age (Half Day)	24	1:12	At least one Preschool Teacher, per 606 CMR 7.09(18)(c)2.
606 CMR 7.10(9)(b)5.	Kindergarten (attending first grade the following year)	30	1:15	At least one Preschool Teacher, per 606 CMR 7.09(18)(c)2.

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

606 CMR 7.10(9)(b)6.	School Age	26	1:13	At least one Group Leader, per 606 CMR 7.09(19)(a)2.
----------------------	------------	----	------	--

(c) Mixed Age Groups. The mixed age group ratios and groupings may be used:

Regulation Number	Age Group	Maximum Group Size	Educator / Child Ratio	Educator Qualifications
606 CMR 7.10(9)(c)1.	Infant / Toddler Group	9; no more than three infants	1:3; one additional educator for four – nine children	At least one Infant/ Toddler Teacher, per 606 CMR 7.09(18)(c)2.
606 CMR 7.10(9)(c)2.	Toddler / Preschool Group	9	1:5; one additional educator for six – nine children	At least one Infant/Toddler and Preschool Teacher, per 606 CMR 7.09(18)(c)2.
606 CMR 7.10(9)(c)3.	Preschool / School Age Group	20; maximum age is eight	1:10	At least one Preschool Teacher, per 606 CMR 7.09(18)(c)2.
606 CMR 7.10(9)(c)4.	Kindergarten / School Age Group	26	1:13	Group Leader, per 606 CMR 7.09(19)(a)2.

**7.11 : Health and Safety**

**2020 INTERIM RULES:** All regulations included under the Health and Safety domain must be implemented in a manner that is consistent with the Minimum Requirements for Health and Safety and any associated guidance set forth by the Department related to program operations during the COVID-19 Emergency. Wherever conflicts occur pertaining to health and safety protocols, programs must adhere to the more stringent requirement.

The following requirements apply to all programs, including family child care, small group and school age and large group and school age child care. Additional requirements for family child care are found at 606 CMR 7.11(17). Additional requirements for small group and school age child care are found at 606 CR 7.11(18). Additional requirements for large group and school age child care are found at 606 CMR 7.11(18) and (19).

(1) Training. All educators must be trained in the program’s emergency and evacuation procedures, in standard precautions and in medication administration procedures.

**2020 INTERIM RULES:** In addition to the trainings listed, all educators that work in child care programs that are reopening during the COVID-19 Emergency must complete an [online training](#) in best practices and guidance associated with COVID-19 and in accordance with the EEC Minimum Requirements for Health and Safety.

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

(a) First Aid and CPR.

1. The licensee must ensure that at least one educator currently certified in first aid and age-appropriate cardiopulmonary resuscitation (CPR) is present at any and all times when children are in care.
2. CPR training must be renewed annually.
3. Only educators who are currently certified in first aid and CPR may provide first aid and CPR.

**2020 INTERIM RULES:** EEC will honor extensions as needed due to the COVID-19 Emergency and in accordance with the temporary [CPR and First Aid Certification Extensions](#) policy.

(b) Medication. Each person who administers prescription or non-prescription medication to a child must be trained to verify and to document that the right child receives the proper dosage of the correct medication designated for that particular child and given at the correct time(s), and by the proper method. Each person who administers medication (other than topical medication) must demonstrate competency in the administration of medication before being authorized by the licensee to administer any medication.

1. The licensee must ensure that at least one educator with training in medication administration is present at any and all times when children are in care.
2. Each person who administers any medication, other than oral or topical medications and epinephrine auto-injectors, must be trained by a licensed health care practitioner and must demonstrate annually to the satisfaction of the trainer, competency in the administration of such medications. An alternative method of training approved by the Massachusetts Department of Public Health (MDPH) can be substituted with approval from MDPH.
3. The licensee must ensure that each educator, including those educators who do not administer medication, receives training in recognizing generic medication side effects and adverse interactions among various medications, and potential side effects of specific medications being administered in the program.

(2) Medication Administration.

- (a) The licensee must have a written policy regarding administration of prescription and non-prescription medication. The policy must provide for the administration of medications ordered by a child's health care practitioner.
- (b) All medication administered to a child, including but not limited to oral and topical medications of any kind, either prescription or non-prescription, must be provided by the child's parent, unless noted in 606 CMR 7.11(2)(e)l.
- (c) All prescription medications must be in the containers in which they were originally dispensed and with their original labels affixed. Over-the-counter medications must be in the original manufacturer's packaging.
- (d) The educator must not administer any medication contrary to the directions on the original container, unless so authorized in writing by the child's licensed health care practitioner. Any medications without clear instructions on the container must be administered in accordance with a written physician or pharmacist's descriptive order. **All medications must be administered using PPE for adults as appropriate for the type of medication and mechanism of delivery.**
- (e) Unless otherwise specified in a child's individual health care plan, the educator must store all medications out of the reach of children and under proper conditions for sanitation, preservation, security and safety during the time the children are in care and during the transportation of children.
1. Those medications found in United States Drug Enforcement Administration (DEA) Schedules II through V must be kept in a secured and locked place at all times when not being accessed by an authorized individual.
  2. Prescription medications requiring refrigeration shall be stored in a way that is inaccessible to children in a refrigerator maintained at temperatures between 38°F and 42°F.
- (f) Notwithstanding the provisions of 606 CMR 7.11(2)(e), emergency medications such as epinephrine auto-injectors must be immediately available for use as needed.

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- (g) Each licensee shall have a written policy on medication disposal.
- (h) When possible, all unused, discontinued or outdated prescription medications shall be returned to the parent and such return shall be documented in the child’s record. When return to the parent is not possible or practical, such prescription medications must be destroyed and the destruction recorded by a manager or supervisor in accordance with policies of the licensee and the Department of Public Health, Drug Control Program.
- (i) No educator shall administer the first dose of any medication to a child, except under extraordinary circumstances and with parental consent.
- (j) Each time medication is administered, the educator must document in the child’s record the name of the medication, the dosage, the time and the method of administration, and who administered the medication, except as noted in 606 CMR 7.11(2)(k).
- (k) The educator must inform the child's parent(s) at the end of each day whenever a topical medication is applied to a diaper rash.
- (l) All medications must be administered in accordance with the consent and documentation requirements specified below:

<b>Type of Medication</b>	<b>Written Parental Consent Required</b>	<b>Health Care Practitioner Authorization Required</b>	<b>Logging Required</b>
All Prescription	Yes	Yes, must be in original container with original label containing the name of the child affixed	Yes, name of child, dosage, date, time, staff signature; missed doses must also be noted along with the reason(s) why the dose was missed
Oral Non-Prescription	Yes, renewed weekly with dosage, times, days and purpose	No in FCC. Yes in Large and Small Group. Must be in original container with original label containing the name of the child affixed	Yes, name of child, dosage, date, time, staff signature; missed doses must also be noted along with the reason(s) why the dose was missed
Unanticipated Non-Prescription for Mild Symptoms (e.g., acetaminophen, ibuprofen, antihistamines)	Yes, renewed annually	No in FCC. Yes in Large and Small Group. Must be in original container with original label containing the name of the child affixed	Yes, name of child, dosage, date, time, staff signature
Topical, non-Prescription (when applied to open wounds or broken skin)	Yes, renewed annually	No in FCC. Yes in Large and Small Group. Must be in original container with original label containing the name of the child affixed	Yes, name of child, dosage, date, time, staff signature.
Topical, non-Prescription (not applied to open wounds or broken skin)	Yes, renewed annually	No. Items not applied to open wounds or broken skin may be supplied by program with notification to parents of such, or parents may send in preferred brands of such items for their own child(ren)'s use.	No for items used solely for prevention, such as sunscreen, insect repellent and chap stick.

(3) Individual Health Care Plans The licensee must maintain as part of a child’s record, an individual

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

health care plan for each child with a chronic medical condition, which has been diagnosed by a licensed health care practitioner. The plan must describe the chronic condition, its symptoms, any medical treatment that may be necessary while the child is in care, the potential side effects of that treatment, and the potential consequences to the child's health if the treatment is not administered.

- (a) The educator may administer routine, scheduled medication or treatment to the child with a chronic medical condition in accordance with written parental consent and licensed health care practitioner authorization **and using appropriate PPE for the type of medication and mechanism of delivery.**
1. Notwithstanding the provisions of 606 CMR 7.11(1)(b)2., the educator must have successfully completed training, given by the child's health care practitioner, or, with his/her written consent, given by the child's parent or the program's health consultant, that specifically addresses the child's medical condition, medication and other treatment needs.
  2. In addition to the requirements for the routine, scheduled administration of medication or treatment set forth in 606 CMR 7.11(3)(a), any unanticipated administration of medication or unanticipated treatment for a non-life-threatening condition requires that the educator must make a reasonable attempt to contact the parent(s) prior to administering such unanticipated medication or beginning such unanticipated treatment, or, if the parent(s) cannot be reached in advance, as soon as possible after such medication or treatment is given.
  3. The educator must document all medication or treatment administration, whether scheduled or unanticipated, in the child's medication and treatment log.
  4. The written parental consent and the licensed health care practitioner authorization shall be valid for one year, unless withdrawn sooner. Such consent and authorization must be renewed annually for administration of medication and/or treatment to continue.
- (b) Educators may, with written parental consent and authorization of a licensed health care practitioner, develop and implement an individual health care plan that permits older school age children to carry their own inhalers and epinephrine auto-injectors and use them as needed, without the direct supervision of an educator. All educators must be aware of the contents and requirements of the child's individual health care plan specifying how the inhaler or epinephrine auto-injector will be kept secure from access by other children in the program.
- (c) Whenever an individual health care plan provides for a child to carry his or her own medication, the licensee must maintain on-site a back-up supply of the medication for use as needed.

**2020 INTERIM GUIDANCE:** Per the Minimum Requirements for Health and Safety, face masks must be worn by adults at all times unless outside and maintaining physical distance. Children should be encouraged to wear face masks when 6 feet of physical distance cannot be achieved and it is age and developmentally appropriate for the child.

#### (4) Abuse and Neglect.

- (a) Any form of abuse or neglect of children while in care is strictly prohibited.
- (b) The Licensee and all educators must operate the program in ways that protect children from abuse or neglect.
- (c) Educators are responsible for abuse and neglect if:
1. the educator admits to causing the abuse or neglect, or
  2. the educator is convicted of the abuse or neglect in a criminal proceeding, or
  3. the Department of Early Education and Care determines, based upon its own investigation or an investigation conducted by the Department of Children and Families subsequent to a report filed under M.G.L. c. 119, §§ 51A and 51B, that there is reasonable cause to believe that the educator or any other person caused the abuse or neglect while children were in care.
- (d) Every educator is a mandated reporter under M.G.L. c. 119, § 51A and must make a report to the Department of Children and Families whenever he/she has reasonable cause to believe a child in the program is suffering from serious physical or emotional injury resulting from abuse inflicted upon the child, including but not limited to sexual abuse, or from neglect, including but not limited to malnutrition, no matter where the abuse or neglect may have occurred and by whom it was inflicted.
- (e) The licensee must notify the Department immediately after filing or learning that a 51A report

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

has been filed alleging abuse or neglect of a child while in the care of the program or during a program related activity.

(f) The licensee must notify the Department immediately upon learning that a report has been filed naming an educator or person regularly on the child care premises (including household members in family child care) an alleged perpetrator of abuse or neglect of any child.

### (5) Injury Prevention.

(a) Liquids, foods, and appliances that are or become hot enough to burn a child must be kept out of the reach of children.

(b) The use of any substance that may impair the educator's alertness, judgment or ability to care for children during child care hours is prohibited.

(c) Drinking alcoholic beverages and smoking on the child care premises during child care hours are prohibited.

(d) The licensee must ensure that the following are easily and readily available at all times, and accompany the children anytime they leave the facility in the care of staff:

1. a first aid kit;
2. current family contact information;
3. information about allergies and known medical conditions;
4. emergency or life-saving medications, such as asthma inhalers and epinephrine auto-injectors, for any children for whom they have been prescribed;
5. telephone numbers for emergency services;
6. authorizations for emergency care for each child.

(e) The licensee must maintain adequate first aid supplies, including, but not limited to: adhesive tape, band aids, gauze pads, gauze roller bandage, disposable non-latex gloves, instant cold pack, scissors, tweezers, thermometer, and CPR mouth guard.

(f) The licensee must maintain a record of any unusual or serious incidents including but not limited to behavioral incidents, injuries, property destruction or emergencies. These reports must be reviewed by the licensee or Program Administrator on a monthly basis.

(g) Educators must check children's clothing to ensure that it is free from strings, laces or jewelry that could become entangled or wedged in playground equipment and present a strangulation hazard.

(h) Educators must protect children against cold, heat, and sun injury.

### (6) Use of Off-site Facilities.

(a) The educator must confirm the availability and the appropriateness of off-site facilities prior to each use **including that the off-site facility has a COVID-19 specific operations plan in place.**

(b) The licensee must consider and implement a thoughtful plan for appropriate supervision of children in public spaces.

(c) The licensee must require written parental consent for a child to participate in off-site activities. The program may obtain a general permission from the parent of each child to take the child off the premises of the child care program for common excursions (*e.g.* library, playground, museums, swimming) if the consent lists the common excursions and the means of transportation. The consent form shall be valid for one year unless withdrawn in writing prior to that time.

(d) Programs must require written parental consent for a child to participate in special activities not listed on the common excursion consent form. The special permission must specify the date of the trip, the destination and duration of the trip and the means of transportation.

(e) Regardless of the general or special written permissions on file, the program must notify parents prior to taking children off the premises.

(f) Each child must carry on his/her person the name, address and telephone number of the educator or child care program whenever s/he is off the premises in the care of the program.

**2020 INTERIM GUIDANCE:** Per the Minimum Requirement for Health and Safety, child care programs are required to employ strategies that reduce the risk of transmission including but not limited to maintaining physical distancing, wearing face masks, and maintaining stable groups. These strategies must also be achieved when visiting off-site facilities including public parks and playgrounds and all other field trip destinations.

(7) Emergency Preparedness.

- (a) The educator must handle all emergency situations in an appropriate manner.
- (b) The educator must be able to communicate basic emergency information to emergency personnel.
- (c) The licensee must provide to educators a working telephone for the purpose of making and receiving phone calls during all hours of program operation, whether on or off the premises, whenever they are responsible for supervising children.
- (d) When considering evacuation or sheltering in place, the educator must follow the directions of the local emergency management authorities.
- (e) Exit signs must be posted in rooms that have direct access to the outdoors.
- (f) The licensee must have a written plan detailing procedures for meeting potential emergencies including but not limited to missing children, the evacuation of children from the program in the event of a fire, natural disaster, loss of power, heat or hot water or other emergency situation. The plan must include but not be limited to:
  - 1. a method to obtain information from local authorities to determine whether to evacuate or shelter in place in the event of a natural disaster;
  - 2. escape routes from each floor level approved for child care;
  - 3. a designated meeting place outside and away from the child care home or facility;
  - 4. a method of contacting the fire department or other appropriate authorities after the home or facility has been evacuated;
  - 5. a method of communication with parents in the event of an emergency evacuation; and
  - 6. a means to assure that no child is left in the home or facility after evacuation.
- (g) The plan must be kept current and must meet the needs of all children in care, including infants, toddlers and any children (including but not limited to those with disabilities) who may need additional assistance during an evacuation.
- (h) The educator must hold practice evacuation drills with all groups of children and all educators from each floor level of the approved space at least monthly. Drills must be held during different times of the program day, and must use alternative exits. The educator must document the date, time, exit route used, number of children evacuated and effectiveness of each drill.
- (i) Programs that use cribs for evacuation must assure that such cribs are safe for the intended purpose, easily movable and small enough to fit through exit doors to the outside.

**2020 INTERIM GUIDANCE:** Physical distancing must be promoted at all times, including during practice evacuation drills.

- (8) Care of Mildly Ill Children. The educator must meet the individual needs of the child for food, drink, rest, play materials, comfort, supervision and appropriate indoor and outdoor activity, as indicated by the health condition of the child.

**2020 INTERIM GUIDANCE:** If a child begins to show symptoms of COVID-19 while in care, educators must immediately follow the instructions in Section 3 of the Minimum Requirements for Health and Safety (“Responding to Illness”).

(9) Management of Infectious Diseases.

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- (a) The program must follow exclusion policies for serious illnesses, contagious diseases and reportable diseases in conformance with regulations and recommendations set by the Division of Communicable Disease Control, Department of Public Health.
- (b) The licensee must notify all parents in accordance with Department of Public Health recommendations when any communicable disease or condition has been introduced into the program.
- (c) Educators must follow the recommendations of the Department of Public Health regarding the use of insect repellents.

**2020 INTERIM GUIDANCE:** Programs must screen all staff and children for symptoms of and exposure to COVID-19 before they are permitted to enter the child care space and must be prepared to respond to illness, in accordance with the Minimum Requirements for Health and Safety.

### (10) Infection Control.

- (a) All educators must be trained in infection control procedures.
- (b) Educators must educate children about and promote hand washing procedures and health precautions.
- (c) The licensee must ensure that educators and children wash their hands with liquid soap and running water, using friction, in accordance with Department of Public Health guidelines. Hands must be dried with individual or disposable towels or automatic hand blow-dryers. The use of common towels is prohibited. Educators and children must wash their hands at least at the following times:
  - 1. before and after water play;
  - 2. before and after eating or handling food;
  - 3. after toileting or diapering;
  - 4. after coming into contact with bodily fluids or discharges (including sneezes, coughing);
  - 5. after handling animals or their equipment, and
- (d) In addition, educators must wash their hands:
  - 1. before and after administration of medication;
  - 2. after performing cleaning tasks, handling trash or using cleaning products.
- (e) Facilities used for hand washing after diapering or toileting must be separate from facilities and areas used for food preparation and food service.
- (f) The licensee must ensure that equipment, materials, items or surfaces (including floors, walls and clothing used for dramatic play) are washed with soap and water and disinfected as needed to maintain a sanitary environment.
- (g) All floors used by children must be swept and/or vacuumed daily.
- (h) All eating surfaces must be washed and disinfected before and after each use.
- (i) Where applicable, the following items, equipment and surfaces must be washed and disinfected after each use:
  - 1. toilet training chairs which have first been emptied into a toilet;
  - 2. sinks and faucets used for hand washing after the sink is used for rinsing a toilet training chair;
  - 3. diapering surfaces;
  - 4. mops used for cleaning body fluids;
  - 5. bibs (when used only for one child, good judgment should be used in deciding whether it can be reused before washing);
  - 6. thermometers; and
  - 7. water tables and water play equipment.
- (j) Toys mouthed by children must be set aside and stored after each use and may not be used by another child until they are washed and disinfected.
- (k) Personal items intended for individual use by children, including but not limited to bottles,

pacifiers, toothbrushes and sleeping materials, must be labeled with the name of the child for whom they are intended. ~~Bibs, washcloths, and towels must be labeled for individual use and cleaned and sanitized after each use.~~

(l) The following items must be monitored for cleanliness and washed and disinfected at least daily:

1. toilets and toilet seats;
2. containers, including lids, used to hold soiled diapers;
3. sinks and sink faucets;
4. drinking fountains;
5. play tables; and
6. washcloths and towels.

(m) The following must be washed and disinfected at least weekly:

1. cribs, cots, mats and other approved sleeping equipment;
2. sheets, blankets or other coverings;
3. machine washable fabric toys;
4. smooth surfaced, non-porous floors;
5. mops used for cleaning.

(n) The disinfectant solution used to disinfect child care items, equipment and surfaces must be either a bleach solution prepared by the licensee in accordance with EEC guidelines or a commercially prepared disinfectant that has been registered as a sanitizing solution by the Environmental Protection Agency (EPA). Registration by the EPA will be indicated on the product label. Commercially prepared solutions must be used in accordance with manufacturer's directions.

(o) All disinfectant solutions must be stored in accordance with manufacturer's instructions and in a secure place out of the reach of children.

(p) The licensee must provide disposable non-latex gloves to be used for the clean-up of blood and bodily fluids. The affected area must be disinfected. Used gloves and any other materials containing blood or other bodily fluids must be thrown away in a lined, covered container. The licensee must ensure that educators wash their hands thoroughly with soap and water after cleaning up the contaminated area. Contaminated clothing must be sealed in a plastic container or bag, labeled with the child's name and returned to the parent at the end of the day.

(q) The licensee must ensure that when individual towels or washcloths are used for any purpose they are stored open to the air and not touching each other.

**INTERIM RULE REMOVED:** cleaning, sanitizing, and disinfecting procedures may follow existing EEC regulations.

**7.11(10)(i) and (k) Infection control: Items, equipment, and surfaces is temporarily amended.**

**2020 INTERIM GUIDANCE:** Per the Minimum Requirements for Health and Safety, communal sensory tables are not permitted at this time as they do not promote a physical distance of 6 feet. Water tables or sensory bins used individually are allowed, but programs are strongly encouraged to clean and disinfect after each use or at the end of each day if labeled for use by only one child.

(11) Personal Hygiene.

(a) The educator must model and follow good personal hygiene practices at all times.

(b) The educator must ensure that when each child is washed, an individual, labeled washcloth or disposable material is used.

(c) The licensee must have available sufficient clean and dry indoor and outdoor clothing to change a child's clothing or for a child to change his/her own clothing when wet or soiled and to ensure that children are dressed appropriately for the weather and for indoor and outdoor program activities. Clothing must be washed after each use.

(d) Educators must assist children in brushing their teeth whenever they are in care for more than four hours or whenever they consume a meal while in care.

(e) Children must use individual, labeled toothbrushes which must be stored in a safe and sanitary manner open to the air without touching each other.

**7.11(11)(d) and (e) Personal Hygiene (Tooth Brushing) is temporarily amended.**  
**2020 INTERIM GUIDANCE:** To minimize risk of transmission, tooth brushing is prohibited in child care programs for the duration of the COVID-19 Emergency.

- (12) Diapering and Toileting. In programs serving children who are under two years and nine months of age and/or not toilet trained, the educator must ensure that:
- (a) a change of clothing is available for each child;
  - (b) diapering areas are separate from facilities and areas used for food preparation and food service;
  - (c) a supply of clean, dry diapers adequate to meet the needs of the children is maintained;
  - (d) a common changing table or diapering surface is not used for any other purpose **and disinfected after each use**;
  - (e) the changing surface is smooth, intact, impervious to water and easily cleaned;
  - (f) each child's diaper is changed on a regular basis throughout the day and when wet or soiled;
  - (g) the changing surface is protected with a covering that is of adequate size to prevent the child from coming in contact with the changing surface;
  - (h) educators wash their hands with liquid soap and running water using friction and dry their hands with individual or disposable towels **or use hand sanitizer after handling soiled diapers and after diapering a child**;
  - (i) educators keep at least one hand on the child at all times when the child is being changed on an elevated surface;
  - (j) each child is washed and dried with individual washing materials during each diaper change. After changing, the child's hands must be washed with liquid soap and water, and dried with individual or disposable towels;
  - (k) soiled disposable diapers are placed in a closed container that is lined with a leak-proof disposable lining and **is cleaned and disinfected at least daily**. Soiled diapers must be removed from the program daily, or more frequently as necessary;
  - (l) soiled non-disposable diapers are placed in a sealed plastic container labeled with the child's name and returned to the child's parents at the end of the day.
  - (m) children are toilet-trained in accordance with the requests of their parents and consistent with the child's physical, emotional, and developmental abilities.

**INTERIM RULE REMOVED:** programs may follow existing EEC regulations when cleaning and sanitizing before, during, and after diapering.

- (13) Sleep, Rest and Quiet Activity.
- (a) The licensee must provide an opportunity for children to rest or engage in quiet activities in a program where children are in care for less than four hours.
  - (b) During sleep, rest or quiet activities educators must ensure that children are easily accessible during an emergency.
  - (c) Restraints may not be used on sleeping children under any circumstances.
  - (d) The licensee must include, as part of the daily schedule, an extended period of sleep, rest or quiet activities for children in care for longer than four hours.
    - 1. The length of the sleep, rest or quiet activity period must be appropriate to the needs of the children.
    - 2. When children choose not to sleep or awaken early, they must be offered quiet activities for the remainder of the sleep or quiet activity period.
    - 3. The licensee must:
      - a. minimize noise and disturbance;
      - b. provide a separate mat, cot, sofa, portacrib, playpen, bassinet or bed, and blanket for each

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- child present at any time during the day;
  - c. provide sleeping materials that are individually marked and in good repair and clean; and
  - d. ensure safe and sanitary storage of blankets and bed linens ~~in a manner that they do not touch.~~
4. Educators must ensure that:
- a. there is a distance of at least two feet between each crib or cot, or there is a distance of at least three feet between children's faces while resting or napping;
  - b. there is appropriate space and adequate lighting for quiet activities for children who do not sleep;
  - c. there is adequate lighting to allow proper supervision.
- (e) Programs serving infants must:
- 1. place infants on their backs for sleeping, unless the child's health care professional orders otherwise in writing;
  - 2. nap infants in an individual crib, portacrib, playpen or bassinet;
  - 3. ensure that cribs have firm, properly fitted mattresses with clean coverings, and do not contain any potential head entrapment areas.
  - 4. ensure that slats on cribs are no more than  $2\frac{3}{8}$  inches apart.
  - 5. ensure that cribs, portacribs, playpens or bassinets used for sleeping infants younger than 12 months of age do not contain pillows, comforters, stuffed animals or other soft, padded materials.

**7.11(13)(d)(4)(a) Sleep, Rest, and Quiet Activity is temporarily amended.**

**2020 INTERIM GUIDANCE:** Masks must not be worn while sleeping. Therefore, to reduce the risk of transmission, there must be a distance of at least **6 feet between each crib, cot, or nap mat** at all times while children are resting or napping. If this cannot be achieved, a distance of 6 feet between children's faces must be achieved.

(14) Requirements for Evening Care. Educators providing evening care must comply with all applicable regulations regarding daytime care, including, but not limited to, staffing ratios, supervision of children, curriculum, nutrition, ventilation and lighting, and naptime regulations.

(15) Requirements for Overnight Care. Educators providing overnight care must comply with all applicable regulations for day time care, in addition to the following:

(a) Occasional Overnight Care.

- 1. The educator must remain on the same floor level as child care children during the overnight shift.
- 2. Each child must have an individual bed, crib, or cot, with bedding appropriate to the season and the child's age, that is maintained in a safe and sanitary condition.
- 3. The educator must remain awake until all the children, including all household members and/or visitors below the age of 12 years old, are asleep.
- 4. The educator must be readily available to respond to childhood issues at night, such as illness, night fears, toileting accidents, and requests for drinks.

(b) Regular Overnight Care.

- 1. The educator must comply with all of the requirements for occasional overnight care, and;
- 2. The educator must submit a written plan for approval to EEC and must receive EEC written approval prior to providing any regular overnight care. The written plan must include the following information:
  - a. plans to assist children with disabilities, including but not limited to cognitive or physical, who might require additional assistance in an evacuation;
  - b. the maximum overnight capacity being requested and the age range of children expected to be in care;
  - c. a floor plan, with designated exit routes, for the entire building where children are located, and the rooms used by children for sleeping;

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- d. a specific description of how an evacuation would occur when the maximum capacity of children and educators is present; and
- e. Any additional information as requested by the Department to determine the safety of children in care.

### (16) Requirements for Pets.

- (a) If the licensee has pets in the program, they must be appropriate for the children in care. Before introducing a pet to the program, the licensee must consider the effect on the children's health and safety, including possible allergies, and notify parents in advance, or prior to the child's enrollment.
- (b) Educators must closely supervise all interactions between children and animals and instruct children on safe behavior when in close proximity to animals.
- (c) If pets are kept in the program, the educator must:
  - 1. ensure that animals, regardless of ownership, are free from disease and parasites and are licensed and/or vaccinated as prescribed by law;
  - 2. not allow children to take part in the cleaning of the animal's cage;
  - 3. keep litter boxes inaccessible to children;
  - 4. ensure that pets are kept in a safe and sanitary manner.
- (d) Children must not come into physical contact with reptiles. Reptiles in the program must be kept in accordance with Department of Public Health Guidelines.

### (17) Additional Requirements for Family Child Care.

- (a) Firearms. The licensee must keep firearms unloaded and either stored in a locked cabinet or equipped with a trigger lock and stored in a safe, secured place out of the reach of children. The licensee must store ammunition separately from firearms, either in a locked cabinet or a safe, secured place out of the reach of children.
- (b) Plan for Potential Emergencies. In addition to the information required by 606 CMR 7.11(7)(f), the plan for potential emergencies must include the name and telephone number of a potential emergency caregiver who will be available to arrive at the child care home within ten minutes of being summoned to provide temporary child care in case of a medical emergency.

**2020 INTERIM GUIDANCE:** The individual designated as the potential emergency caregiver must self-screen and be free from COVID-19 symptoms and exposure prior to entry into the child care space. The potential emergency caregiver must be informed of and familiar with the program's Reopening Plans and able to comply with all Minimum Requirements for Health and Safety.

- (c) Diaper Changing Surfaces. Diaper changing surfaces must be covered by either a disposable covering, a covering that is washed and disinfected after every use, or a covering designated for an individual child.
- (d) Overnight Care.
  - 1. In addition to the provisions of the written plan for regular overnight care specified at 606 CMR 7.11(15)(b)2, family child care licensees must include:
    - a. the number and names of the adults in the household who would be available to assist in an evacuation, including the educator;
    - b. the number and names of household members and/or visitors who would need assistance in an emergency evacuation, including children, elderly, and disabled individuals;
    - c. a clear and specific description of the location of bedrooms used by household members, visitors, and the educator.
  - 2. The educator must have adequate sleep to ensure alertness while caring for children. As provided at 606 CMR 7.09(7), no educator may regularly care for child care children more than 12 hours in any 24-hour period.
  - 3. Whenever regular overnight care is provided for seven to ten child care children two educators must remain on the premises, one of whom must remain awake during the entire overnight shift.
  - 4. Children in care shall not sleep in the same room with children of the opposite sex, without

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

written parental permission.

### (18) Additional Requirements for Small Group and School Age and Large Group and School Age Child Care.

(a) Abuse or Neglect. The licensee must ensure that any educator accused of the abuse or neglect of a child in a report to the Department of Children and Families, filed pursuant to M.G.L. c. 119, § 51A does not work directly with children until the Department of Children and Families investigation is completed and for such further time as the Department of Early Education and Care requires.

(b) Escape Routes. A diagram of escape routes must be posted conspicuously at each means of egress in rooms that do not have direct access to the outdoors.

(c) Diapering.

1. A written plan for diapering and toilet training and for the disposal or cleaning of soiled clothing, linen, blankets and diapers must be developed, implemented and posted in diapering areas.

2. The diaper changing surface must be covered by a disposable cover that is changed after each child has been diapered and that is disposed of in a closed container.

3. The diaper changing surface must be washed and disinfected after each child has been diapered.

(d) First Aid Training. The licensee must document that each educator is certified in first aid within six months of employment.

(e) Overnight Care.

1. In addition to the provisions of the written plan for regular overnight care specified at 606 CMR 7.11(15)(b)2., the licensee must include:

a. the staff schedule and qualifications of the educators available to assist in an emergency evacuation;

b. a statement showing the location of all awake staff and any asleep staff during the overnight shift.

2. All educators required by the ratios must be awake at all times while overnight care is being provided. Notwithstanding the required staff to child ratios, there must always be at least two educators on the premises at all times when overnight care is provided.

### (19) Additional Requirements for Large Group and School Age Child Care.

(a) Health Care Policy. The licensee must have a written health care policy that includes:

1. the name, address and telephone number of the health care consultant and local health care authority; the telephone number of the fire department, police, ambulance, nearest emergency health care facility, and the Poison Control Center; the name and telephone number of the emergency back-up person, if applicable; and the telephone number and address of the program, including, where applicable, the location of the program in the facility;

2. the procedures to be followed in case of illness, injury or emergency, method of transportation, notification of parents, and procedures when parent(s) cannot be reached including procedures to be followed when on field trips;

3. a list defining mild symptoms with which ill children may remain in care, and more severe symptoms that require notification of the parents or back-up contact to pick up the child;

4. a plan for caring for mildly ill children who remain in care;

5. a plan for administering medication, including:

a. annual evaluation of the ability of any staff authorized to administer medication to follow the medication administration procedures specified at 606 CMR 7.11(2);

b. a requirement that parents provide written authorization by a licensed health care practitioner for administration of any non-topical, non-prescription medication to their child. Such authorization shall be valid for one year unless earlier revoked;

6. a plan for meeting individual children's specific health care needs, including the procedure for identifying children with allergies and protecting children from that to which they are allergic;

7. a plan to allow parents, with the written permission of their child's health care practitioner,

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

to train staff in implementation of their child's individual health care plan;

8. a plan to ensure that all appropriate specific measures will be taken to ensure that the health requirements of children with disabilities are met, when children with disabilities are enrolled;

9. a plan to ensure that all children 12 months of age or younger are placed on their backs for sleeping, unless the child's health care professional orders otherwise in writing;

10. notification to parents that educators are mandated reporters and must, by law, report suspected child abuse or neglect to the Department of Children and Families.

**7.11(19)(a)(3) Additional Requirements for Large Group and School Age Care is temporarily amended.**

**2020 INTERIM GUIDANCE:** During the COVID-19 Emergency, the list of symptoms must be aligned with the list of symptoms of COVID-19 as listed in the Minimum Requirements for Health and Safety Section 2. Screening and Monitoring of Children and Staff section B.

- (b) Health Care Consultant. Each program must have access to a Health Care Consultant who will:
  - 1. be available to the program for consultation, as needed;
  - 2. approve the program's health care plan at initial licensure and at each license renewal;
  - 3. approve first aid training and training in medication administration for staff.
- (c) Infection Control. Notwithstanding the requirements of 606 CMR 7.11(10)(m), smooth surfaced, non-porous floors and mops used for cleaning must be washed and disinfected at least daily.

### 7.12 : Nutrition and Food Service

The following requirements apply to all programs, including family child care, small group and school age and large group and school age child care. Additional requirements for small group and school age and large group and school age child care are found at 606 CMR 7.12(15).

- (1) The licensee must design and implement a nutrition program that meets the U.S.D.A. guidelines for the nutritional and dietary needs and feeding requirements of each child, including those of children with disabilities.
- (2) All educators must receive basic training in the following:
  - (a) in USDA recognized nutrition requirements for the healthy growth and development of children; and
  - (b) in food choking hazards.
- (3) Educators must follow parents' or physicians' orders in the preparation and feeding of special diets to children.
- (4) Educators must follow the directions of the parents and /or the child's physician regarding any food allergies of a child.
- (5) Vitamin Supplements.
  - (a) Educators must follow the direction of parents where the administration of over-the-counter vitamin supplements is required.
  - (b) All over-the-counter vitamin supplements must be provided by parents in the original manufacturer's packaging.
  - (c) Educators must not administer any vitamin supplement contrary to the directions on the original container, unless so authorized in writing by the child's licensed health care practitioner.

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- (6) The licensee must have a method of providing nutritious meals and snacks to children whose parents fail to send meals and/or snacks from home.
- (7) If the licensee provides meals and snacks for children:
- (a) the nutrition program must serve a variety of nutritious foods;
  - (b) the licensee must ensure that snacks and meals are prepared and served in a safe and sanitary manner;
  - (c) the licensee must ensure that foods are not served to children beyond their recommended dates of use;
  - (d) the licensee must store all food in clean, covered containers;
  - (e) the licensee must properly wash and sanitize all bottles, eating utensils, drinking utensils, dishes, and preparation utensils after each use;
  - (f) the licensee must prepare and make available to parents on request written menus, including snacks, for each week;
  - (g) the licensee must keep previous menus on file for one year.
- (8) The licensee must provide refrigeration and storage for food at not less than 32°F, nor more than 40°F for all food requiring refrigeration. Meals and snacks provided by parents must be stored safely. Thermometers verifying temperatures must be maintained in all refrigerators.
- (9) Eating and drinking utensils must be free from defects, cracks and chips and appropriate to the ages and needs of the children, including children with disabilities. Disposable cups and plates may be used. If plastic utensils are used, they must be heavy-duty and if reused, must be designed for this purpose and dishwasher safe.
- (10) Meal schedules must be appropriate to the ages of the children served.
- (a) In programs serving infants and toddlers:
    - 1. A current feeding schedule must be maintained, documenting use of either breast milk or formula, if applicable, new foods introduced, food intolerances and preferences, voiding patterns, and observations related to developmental changes in feeding and nutrition.
    - 2. Infants and toddlers must be fed according to their individual feeding schedules or needs.
    - 3. Infants must be held while fed a bottle.
  - (b) In programs serving preschool and school age children:
    - 1. The licensee must provide regular, nutritious snacks for children in care for less than four hours;
    - 2. The licensee must schedule meals, in addition to snacks, for children in care four hours or longer;
    - 3. The licensee must offer a nutritious substitute to a child who misses a meal or snack due to deviations from his regular schedule (such as arriving late or leaving early).
    - 4. Children must be allowed to participate in menu planning in an age-appropriate manner.
- (11) During meal and snack times educators must:
- (a) be present interacting with and assisting children;
  - (b) allow children to eat at a reasonable, leisurely rate;
  - (c) encourage children to serve themselves, when appropriate;
  - (d) ensure that each child receives an adequate amount and variety of food;
  - (e) help children with disabilities to participate in meal and snack times with their peers;
  - (f) encourage children to eat a well-balanced diet;
  - (g) offer alternative activities for children who have finished their snack or meal.
- (12) Educators must dispose of or return to the parent, milk, formula or food unfinished by a child as directed by the parent.

**7.12(12) Nutrition and Food Service is temporarily amended.**

**2020 Interim Guidance:** Program staff working with infants and toddlers must practice stringent hygiene and infection control precautions to keep themselves and the young children they care for healthy and safe while in care. These shall include protecting themselves during all washing and feeding activities by wearing a gown or other body covering and eye protection, where available. In addition, only milk, formula, or food that *has not been opened or handled by the child* shall be returned to the parent.

- (13) The licensee must provide a source of sanitary drinking water located in or convenient to rooms occupied by children.
- (14) Educators must offer water to children at frequent intervals and upon request by children.
- (15) Additional Requirements for Small Group and School Age and Large Group and School Age Child Care.
  - (a) The licensee must designate, according to Department of Public Health (DPH) requirements, one person to be responsible for the food program. This designated person shall review and approve menus.
  - (b) If the licensee provides food prepared on-site, the licensee must have a Food Service permit or evidence of inspection from the local health department when required by DPH.
  - (c) If the licensee provides food that is prepared off-site, the food must be prepared at a facility that has a Food Service permit or evidence of inspection from the local health department and must be transported to the program in appropriate sanitary containers and at appropriate temperatures.
  - (d) If parents provide meals or snacks for children, the licensee must provide to parents, in writing at the time of admission, a list of nutritious items that may be part of a lunch or snack. The program must support parent choice regarding meals to the extent that such choice does not adversely affect a child's health.

**7.13 : Transportation**

**2020 INTERIM GUIDANCE:** In addition to the following regulations, all programs must adhere to the transportation requirements set forth in the Minimum Requirements for Health and Safety when transportation will be provided. These shall include health screening of all children and transportation personnel, mask wearing, increased ventilation, and physical distancing during transport.

The following requirements apply to all programs, including family child care, small group and school age and large group and school age child care.

- (1) Written Plan for Transportation. The licensee must have a written plan for the safety and supervision of all children during transport. The plan must describe how children are transported to and from the program, in an emergency, and on field trips. The plan must also address the safety and supervision of children who walk and who arrive by public transportation. The plan must include any special arrangements for children with disabilities.
- (2) The licensee must have written parental consent for each child's individual transportation plan.
- (3) Whenever the licensee provides or contracts for transportation for children, the licensee must:
  - (a) establish policies and procedures that are intended to keep children safe during transport. The policies and procedures must specify:
    1. the name and telephone number of the transportation coordinator for the program;

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

2. the names and telephone numbers of contact persons during transportation times;
  3. how transportation is provided,
  4. whether transportation is provided by the licensee or a sub-contractor of the licensee. If transportation is provided by a subcontractor, the identity of the subcontractor;
  5. who is responsible for the supervision of children while being transported, prior to their arrival at the program;
  6. how the driver and/or monitor will respond to disruptive behavior, including children unbuckling seat belts or refusing to remain seated;
  7. how the driver and/or monitor will respond to a medical emergency;
  8. the system of communication available to the driver;
  9. the actions the driver and/or monitor must take if the child is not present at the pick-up location, or if the parent or approved adult is not present to receive the child at drop-off;
  10. the actions the driver and/or monitor must take if the vehicle becomes disabled;
  11. to whom and by whom any moving violation or accident that occurs while children are being transported must be reported.
- (b) ensure compliance with the Americans with Disabilities Act and the Rehabilitation Act of 1973, Section 504. Whenever possible, children with disabilities should be transported in the same vehicles used to transport other children;
- (c) append a copy of the current contract between the transportation provider and the licensee to the program's transportation plan, if transportation is provided by a subcontractor. The contract must include provisions for the transportation company to notify the licensee of any accidents, vehicle breakdowns, and moving violations that are cited while children are being transported.
- (d) make a copy of the transportation policies and procedures available to educators, drivers, monitors and parents on request.
- (4) Vehicle and Driver Requirements. Whenever transportation is provided or contracted by the licensee the licensee must ensure that:
- (a) any vehicle used for transportation of more than eight passengers at any one time and the driver thereof conform to Massachusetts school bus requirements as contained in the pertinent sections of M.G.L. c. 90 and 540 CMR 7.00: *Minimum Standards for Construction and Equipment of School Buses*;
  - (b) any program-owned, private or hired vehicles such as sedans, vans, or station wagons used for the transportation of eight or fewer passengers, at any one time, and the driver thereof, conform to requirements as contained in M.G.L. c. 90, § 7(D), as applicable;
  - (c) any and all vehicles used for transportation of children are registered and inspected in accordance with the laws of the state;
  - (d) the operator of any vehicle transporting children is licensed in accordance with the laws of the state;
  - (e) the driver and any other attendants on the vehicle have received an orientation to the transportation plan;
  - (f) at least one person on each vehicle is currently certified in first aid and CPR;
  - (g) the driver of the vehicle is alert and is not distracted by telephone, radio or other communications;
  - (h) one particular driver is regularly assigned to each route;
  - (i) there is a plan for the use of substitute drivers when the regularly assigned driver is unavailable;
  - (j) the driver of the vehicle takes attendance before and after each trip and conducts a complete vehicle inspection after every trip to ensure that children are not left alone in a vehicle at any time;
  - (k) there is no smoking in the vehicle when children are present, and that if smoking has occurred in the vehicle it is properly ventilated prior to use by children.
- (5) Insurance. Any vehicle used to transport children, whether owned by the program, an educator or by a parent who is transporting children other than his or her own, must have the following minimum amounts of liability insurance:
- (a) Injury per person: \$100,000;

## 606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

- (b) Injury per accident: \$300,000;
- (c) Property damage: \$5,000.

### (6) Transportation Safety.

- (a) The licensee must not allow the number of children riding in a program-owned, educator's, or parent's vehicle, used to transport children while they are in care, or a vehicle hired for a program-related activity to exceed the number of seats therein at any time and **must consider the ability to promote physical distancing during transport**. All children must be seated when the vehicle is in operation.

**2020 INTERIM GUIDANCE:** The number of children riding in any vehicle used to transport children while they are in care, or a vehicle hired for a program-related activities, must consider the space available to promote physical distancing of at least 6 feet. Face masks must be worn at all times during transport by all adults and children over the age of 2 as appropriate per the Minimum Requirements for Health and Safety Section 4 Strategies to Reduce the Risk of Transmission.

- (b) Suitable car seats, safety carriers, restraints or seat belts must be provided for and used by each child, driver and attendant in all vehicles containing fewer than 16 passenger seats. All car restraints must meet the U.S. Department of Transportation Federal Motor Vehicle Safety Standards guidelines and must be crash tested and child approved.
- (c) Children younger than 12 years old must not be transported in the front seat of a vehicle if the vehicle is equipped with airbags.
- (d) When more than eight children are being transported, an attendant other than the driver is required.
- (e) Children's emergency contact information must be carried in the vehicle whenever children are present.
- (f) Sharp, heavy or potentially dangerous objects must be placed in the trunk or cargo area and securely restrained when transporting children.
- (g) The licensee must identify and communicate to the driver of the vehicle any information that may assist him/her in transporting a child, including, but not limited to, any medical or behavioral problems.
- (h) The driver of the vehicle must release children only to persons known or identified to the driver and authorized by the parent(s) in writing to receive the child.
- (i) Children must not be regularly transported for periods longer than 45 minutes one way between their home or school and the program.
- (j) A first aid kit, seat belt cutter and emergency numbers for the children must be easily available in all vehicles.
- (k) A working mechanism for making emergency telephone calls must be available on each vehicle during transport.
- (l) The licensee must ensure that every accident involving a program-owned or operated vehicle providing transportation services is reported in accordance with applicable accident reporting laws and requirements.

### 7.14 : **Applicability and Severability**

(1) Obligation to Comply. 606 CMR 7.00 reflects basic standards for the provision of non-residential child care services to children outside their own homes. Licensure or Approval by the Department of Early Education and Care shall not relieve programs of their obligation to comply with any other applicable state or federal statutory or regulatory requirements or requirements set forth in their contracts with state agencies. Whenever possible, these other statutory, regulatory and contractual requirements shall be construed in a manner that is consistent with 606 CMR 7.00.

(2) Severability. If any provision contained in 606 CMR 7.00 or the application thereof is held invalid to any person or circumstances the remainder of 606 CMR 7.00 and the application of the provision in

606 CMR: DEPARTMENT OF EARLY EDUCATION AND CARE

question to other persons not similarly situated, or to other circumstances, shall not be affected thereby.

(3) Prior Licenses. Any license or approval issued under the provisions of 102 CMR 7.00 or 8.00 is in effect immediately prior to January 22, 2010 shall, notwithstanding its expiration date, remain in effect, unless suspended or revoked, until a new license or approval is issued or expressly refused or revoked under 606 CMR 7.00.

REGULATORY AUTHORITY

606 CMR 7.00: M.G.L. c. 15D.
